GEO. J. GEBHARDT

Successor to WULFF & CO.

Having purchased the entire stock of the late firm of Wulff & Co., I intend carrying on the business of my predecessors at the old premises, 32 St. Sulpice Street, making a specialty of

Lithographers and Printers Supplies

The extended connections of the old firm and the valuable additions from Manufacturers represented by me since a number of years will enable me to always keep on hand a well assorted stock and so provide for the requirements of the trade at lowest market rates
