

*Governor's* license, and the court was of the opinion that that was a Royal privilege and exempted him from the operation of the Medical Act.

When the many difficulties which attend the establishing of criminality in courts of justice—I was going to say in a legal way, when these many difficulties, some of them legal, some of them social, and I regret to say some of them of our own making—are borne in mind, it will be admitted that something has been done; at least a good beginning has been made to protect the members of the College in the enjoyment of their professional rights. And I have the hope that with the experience of the present system during the last three years to serve as a guide, this department of the College work will be yet more satisfactorily carried on during the coming triennial period. Mr. Lamirande has collected \$367 for registrations, \$260 for licenses, and \$3,092 for annual subscription—making a sum of \$3,719.

From the reports of the Matriculation Examiners it appears that 142 candidates have been admitted to the study of medicine during the last three years. The efficiency with which this important function of the College is performed, is proved by the considerable number of young men who are remanded to their studies at the preliminary examinations—and there is little doubt that under the present system the educational qualifications of persons entering upon the study of medicine must gradually attain a higher general average than under the old system.

One hundred and fifty-three (153) licenses to practice in the Province have been issued during the triennial period now under review. One hundred and forty-four (144) of these were given to graduates of the Medical Institutions of this Province; two to licentiates of Ontario; two to graduates from Great Britain; one under clause 24 of the Medical Act to a practitioner over thirty years practice in the Province; and four to gentlemen presenting themselves before the Board for examination. Two candidates for the license were referred to their studies.
