Take this opportunity of wishing the Stationery Trade throughout  
the Dominion

## A HAPPY AND PROSPEROUS NEW YEAR.

**WE** congratulate the Trade on the progress that has attended their business during the past year, as evidenced by the few failures and the healthy state of this line of business throughout the Dominion. We hope this favorable position may be still more improved by the trade of 1889.

Our business during the past year has exceeded that of all former years, and we hope by fair dealings and careful attention to the wants of our customers to deserve a continuance of the patronage that has been extended to us so liberally in the past.

We are issuing our second Stationery Catalogue in January, which will be the most complete of any ever issued, and we can safely recommend it as a valuable reference in buying.

Our travellers leave for all parts of the Dominion early in the year, and we bespeak for them that pleasant reception that has been accorded them in the past.
