

## NEWS AND NOTES.

REV. T. W. LEGGOT, BROOK-LIN, Ontario, writes: After giving the K. D. C. a fair trial, I am satisfied it is the best remedy for Dyspepsia ever brought within my reach. I have found it all that it is claimed, in its behalf, and have much pleasure in recommending it as a most excellent remedy.

Free Sample of K. D. C. mailed to any address, K. D. C. Co., Ltd., New Glasgow, N. S., or 127 State St. Boston, Mass.

A SIMPLE WATER TEST.—Into a perfectly clean bottle, having a stopper of ground glass, put five ounces of the water to be tested. To the water add ten grains (by weight) of pure granulated white sugar. Cork tight and set in a window, exposed freely to light, but not to the direct rays of the sun. Do not disturb the bottle and keep the temperature as near seventy degrees Fahrenheit as possible. If the water contains organic matter within forty-eight hours an abundance of whitish specks will be seen floating about, and the more organic matter the more specks. In a week or ten days, if the water is very bad, the odor of rancid butter will be noticed on removing the stopper. The little specks will settle to the bottom, where they will appear as white, flaky masses. Such water should not be used for drinking purposes.—*State Board of Health.*

Children, victims of weak digestive organs can be cured by K. D. C.

Whatever happens do not be dissatisfied with your worldly fortunes, lest that speech be justly made you which was once made to a repining person much given to talk of how great she and hers had been. 'Yes, madam,' was the crushing reply, 'we all find our levels at last.'—*Sir A. Helps.*
