On Wednesday it reached from \$2 cents a few days more it is expected the price will go up to \$1, and before the next crop is gathered it may likely reach \$1.50. A dealer some time ago unsuccessfully tried to sell some bales of hops, nine years old, at \$12.50 per bale (\$250 pounds.) Since the recent boom he disposed of them readily at \$100 a bale. The immediate effect of the advance of hops will be a corresponding advance in the wholesale prices of beer. A le brewers have already resolved to put up the price one dollar a barrel.

At a meeting in New York yesterday Dr. Wallace, President of the Land League of America said the Land League, as Patrick Ford wants it, is dead, but the Land League as the people of Ireland wants it is more alive now than it has been for two years. The stories of the League being rent by dissensions was untrue. The League is closing up its lines for battle. On the 17th of this month the Lesgue will proclaim what will be the new attitude in the struggle for Ireland.

A WELL "CURED" EDITOR.

At No 80 King Street, East Toronto, Ont. are the editorial rooms of the Sunday School Manual, edited by Mr. Withrow, of 240 Jarvis street, in the same city. Conversing recently with several gentlemen,-one of them the representative of the largest advertisers in the world,-Mr. Withrow remarked; "As to edvertising, I consider St Jacobs Oll the best advertised article by far. It is a splendid remedy too. Besides the many cases of rheumatism it has cured right amongst us, it has rendered me most efficient service in curing a severe soreness of the chest and an obstinate headache. It does its work satisfactor. ily."

DAVITT AT WEXFORD.

Dublin, Oct. 9 .- Davitt, in a speech at Wexford yesterday, declared the Land League inculcated principles which were externally destructible, but he was disappointed at the outcome of the agitation. When the whole lrish race had rallied to the cry for abolition of landlordism, the League had, by one tremendous sweep of the Government, been arrested in its career. The Government had been furnished with a pretext for its action by outrages committed by some Irish people pleading for justice at Westministor. He said it was useless that people should rely upon it. It was the Irish determination to arraign landlordism before the civilized world as the cause of crime and disorder.

THE TUNNEL DISASTEB.

NEW YORK, Oct. 7.—Conductor George E. Rood and the boys Robbin and Bawson, found guilty of culpable negligence by the Coroner's jury in the case of the Fourth Avenue tunnel disaster, were required to renew their bail before Coroner Herrman yesterday. Rood's bail was raised to \$3,500, Bawson's to \$3,000, and Robbins' to \$2,500. The original sureties signed the bonds.

THE NEW ST. LAWRENCE BRIDGE.

The new Canadian Pacific Railway bridge over the St Lawrence at Lachine-referred to yesterday-is to cost \$1,500,000 to \$2,000,-000. It will be an improvement over the Victoria Bridge, inasmuch as it will have a double track. The stone at Caughnawaga is not considered suitable for the purpose, and the Company is building the railway loop line behind the Mountain with the intention of carrying stone from the Mile End quarries. The distance from the Quebec Gate Barracks depot to the Company's bridge at Lachine by the track will be exactly twelve miles.
