A PROVERB ILLOSTRATED .- Saucho Panae's maxim, that 'you caunot make a silk purse out of a sow'a ear,' is well illustrated by the futile attempts to get ap acceptable perfumes on the cheap plan. Numbers of adventurers have thus endeavored to simulate MURRAY & LANMAN'S FLORIDA WATER; but but what pitiable and ridiculous fuilures they have made! The very recollection of them is offensive to those who have once inhalel their sickly odor .-Nothing but a combination of the rarest floral ex. tracts, of which the imitators do not even know the mames, can produce that equisitely refreshing fra-grance which has obtained for MURRAY & LAN-MAN'S FLORIDA WATER, a fame as undying as

527 itself. IF Purchasers are requested to see that the words "Florida Water, Murray & Lanman, No. 69 Water Street, New York," are stamped in the glass on each bottle. Without this none is genuine.

OHRONIC ERUPTIONS, from whatever cause arising, are the most obstinate of external maladies. The greatest believers in mercury admit that it cannot control them. The iodide and biniodide of that mineral, as well as corrosive sublimate, all heretofore given for scrofulous and syphilitic eruptions and diseases, have been abandoned, and in all parts of this continent physicians are curing the most of this continent physicians are curing the most confirmed and virulent chronic eruptions on the skin with BRISTOL'S SARSAPARILLA, which acts chemically upon the blood and disinfects it. The use of BRISTOL'S VEGETABLE PILLS at the same time with the Sarsapatills will greatly facilitate the removal of all eruptions, pimples, blotches, etc., etc., as they carry off from the system the vitiated matter set free by the Sarsaparilla. 506

Will you persist in drugging yourself with drastic mineral purgatives, that weaken, rack, and destroy the internal system, or will you accept certain, swift, and permanent reliet through the medium of BRISTOL'S SUGAR-COATED PILLS, a vegetable cathartic, which controls disease without depreciating the physical strangth, is absolutely painless in its operation, and actually removes that necessity for continual purgation, which all the violent and depleting purgatives create? If you desire to enjoy the blessings of a good appetite, a vigorous digestion, a sound liver, regular excretions, and the metal calm which results from this conjunction of healthful conditions, BRISTOL'S SUGAR COATED P.LLS will reslize your wisb.

They are put up in glass vials, and will keep in any climate Make the experiment. In all cases arising from, or aggravated by inpure blood, BRIS-TOL'S SARSAPARILLA should be used in con-

Particular attention is given to the teaching of French to the English pupils, a professor being specially charged with that branch; their progress is rapid, as may be known from the fact, that many who, at the commencement, knew not a word of French, were, towards the end of the year, able to speak and write it tolerably well.

This institution is under the direction of five priests 12 Ecclesiastics residing in the house, and four lay professors.

Pupils are boarded in the house; bed and bedding furnished at the desire of the parents. Particular attention is)paid to the food, health, and cleanliness of the scholars, and all that pertains to their religious, moral, and domestic education.
