September, 1867. REV. SYLVANUS COBB thus writes in the Boston Christian Freeman: - We would by no means recommend any kind of medicine which we did not

know to be good - particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains quiet sleep, and its parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers any they would not be without it from the birth of the child till it had finished with the teething siege, on any consideration whatever.

Our Fur Traders and Trappers in fitting out here, find Ayer's medicines one of their most profitable articles of traffic. Around Slave Lake and the wild regions of the north, the Indians know their uses and have an abiding faith in them. They say :-"' Ager - great medicine - cure sick man,' and his re-medics, for the diseases from which they suffer, will often bring forth their stock of skins oven quicker than wampum, rum, or tobacco. Savages are not fools if they are unsophisticated in some of the arts

of civilization.—[Montreal Pilot. October, 1867.

FOLLOW DISEASE TO ITS SCURCES. - Local disease cannot be cured merely by local treatment. For example: No application to the part affected will radically cure the piles. The habit of body, which is the primary cause of the complaint, must be changed. For this purpose, BRISTOL'S SUGAR-UOATED PILLS, the facest vegetable alterative ever compounded, is the medicine to be used. Cos tiveness is almost invariably the immediate cause of this distressing disorder. This condition of the bowels is at once changed by the action of the Pills. Indigestion and morbid action of the liver produce constipation. These, too, are swiftly remedied by this powerful vegetable agent, and the organs toned and regulated to a condition of perfect health. Thus are the symptoms and source of the disease removed together, and it is at an end forever. It is the same with all the complaints which come within the remedial scope of this great alterative cathartic, and antibilious medicina.

They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, BRISTOL'S SARSAPARILLA should be used in connection with the Pills.

MURRAY & LANMAN'S FLORIDA WATER .- Chemistry evolves coarse imitations of the scent of flowers from many revolting ingredients: but the refreshing odor which exhales from Nature's floral censers, as they swing in the breezes of the tropics, cannot be simulated. Hence the superiority of this celebrated perfame, the concentrated essence of flowers, gathered in the groves of Florida over other scented waters; hence, too, the tenacity with; which it clings without change, to whatever it touches. We know of nothing that can approach it in delicacy and im perishability, except the finest French extracts; and the Florida Water is preferred by the ladies of South and Central America, Mexico, the West Indies, to ed of Watch Dealers throughout the country. even the best of them. It costs, we believe, only about hal the price.

### AMERICAN WATCH

WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Co., of Waltham, Mass. respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the

They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts

How they run under the hardest trial wa'ches can have, is shown by the following letters:

PENN. RAILROAD COMPANY.

OFFICE OF THE GENERAL SCPERINTENDENT, ?

ALTOONA, PA., 15 Dec., 866. S Gentlemen: The watches manufactured by you have been in use on this railroad for several years by our enginemen, to whom we furnish watches as part of our equidment. There are now some three m carried on our der them good and reliable time-keepers. Indeed, 1 have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on the road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service, as yours.

In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years.

Respectfully,
EDWARD H. WILLIAMS.

General Superintendent. American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD. ROCHESTER, Dec. 24, 1866.

Gentlemen: I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to wear out, they must be durable. I hope to see the time when Railway Companies will generally adopt your watches, and furnish them to all engineers and conductors In my opicion it would greatly tend to promote regularity and safety.

Yours respectfully, . CHARLES WILSON, G Chief Engineer, Brotherhood of Locomotive Engineers.

American Watch Co, Waltham, Muss. We make now five different grades of watches

named respectively as follows: Appleton, Tracy & Co., Waltham Watch Company, P. S. Bartlett, Wm. Ellery, Home Watch Company,

Waltham, Mass. Waltham, Mass. Waltham, Mass. Boston, Mass. Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requi-site for a reliable time keeper. Every dealer selling these Watches is provided with the Company's print ed card of guarantce, which should accompany each Watch sold, so that bayers may feel sure that they are purchasing the genuine article. There are nu-merous counterfeits and imitations of our Watches sold throughout the country, and we would caution purchasers to be on their guard against imposition. Any grades of Waltham Wutches may be purchas-

Testimonials can be obtained on application from many persons in Canada who have worn the watches with the greatest satisfaction.

## Ayer's Sarsaparilla, FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its curves, many of which are of a truly marvellous character. Inveterate cases of Scrofula, where the system seemed utterly given up to corruption, have piedded to this compound of anti-strumous varues. Disorders of a serofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemics of our race. Often, this unscen and unfelt tenant of the organism undormines the constitution, and invites the attack of encebling or fatal diseases, without exciting a usualicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly developinto one or other of its hideous forms, either on the surface or among the yitals. In the latter, tabercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the Sursaparillu as a preventive, advisable.

It is a mistake to suppose that so long as no cruptions or humors appear, there must be no scrofulous taint. These forms of derangement may never occur, and yet the vital forces of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanliness, and the depressing vices generally, produce it. Weakly constitutions, where not fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant visuity, are often contaminated, and on the road to its

it, nor feel insensible to the importance of an effectual remedy.

In St. Anthony's Fire, Rase or Erystpelas, for Tetter, Salt Rheum, Scalt Head, Ringworm, Sore Ears and Eyes, and other eraptive or visible forms of the diseases caused primarily by the scrolulous infection, the Sursaparilla is so efficient as to be indispensable. And in the more concealed forms, as in Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia, and other affections of the muscular and nervous systems, the Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cures.

Sarsaparilla, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, Syphitis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladles by any medicine. Leucorrhwa or Whites, Uterine Uterations, and Famate Diseases in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our Sarsaparilla. Rheumatism and Gout, often dependent on the accumulations of extrancons matters in the blood, have their romedy also in this medicine. For Liver Complaints, torpidity, inflammation, abcess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the Sarsaparilla.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are Lanquid, Listless, Despondent, Sierpless, and filled with Nervous Apprehensions or Fears, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for General Debilly, have written us of the youthful vigor imparted to their nervous system, which seemed bnoyant with that prolific life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

# Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Caill Fever, Remittent Fever, Bumb Ague, Feriodical or Biliour Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

marsh, or missmatic poisons.

As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismath, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is grainfed by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the AGUE CURE daily.

For Liver, Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

Prepared by Dr. J. C. Ayer & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

Yours truly,
A. HUNTING, M.D. \* \* I regret to say to say that the Cholera has prevailed here of late to a fearful extent. For the last three weeks, from ten to fifty or sixty fatal cases each day have been reported. I should add that the Pain Killer sent recently from the Mission House has been used with considerable success during this epidemic. If taken in season, it is generally effective in checking the disease. REV. CHARLES HARDING.

This certifies that I have used Perry Davis Vegetable Pain Killer, with great success, in cases o cholera infantum common bowel complaint, bronchitis, coughs, colds, &c, and would cheerfully recommend it as a valuable family medicine REV. JAS. O. BOOMER.
