Marketing Profile

Bevco started in business in 1980 as a small local manufacturer of table top conveyors. The company has grown to become an award winning manufacturer of conveyors, high speed gripper type rinsers, pressureless combiners, container elevator/lowerators, accumulation tables, vertical lift case elevators and most recently, bottle and can warmers and coolers.

All Bevco equipment is designed to be practical, efficient and to promote high productivity. It is also backed by a one year or 2,000 hour quality assurance guarantee. The company has established a solid reputation in the beverage and food processing industry in Canada and the U.S.A. based on quality and the ability to customize products to meet and exceed the requirements of customers' product lines.

The firm's head office and manufacturing facility is in Surrey, British Columbia, with a branch office located in Toronto, Ontario, and independent sales agents located in Seattle, Washington, Olathe, Kansas, and San Francisco, California. All representatives are trained in the area of sales and after-sales service. The company has exported to the U.S., Pacific Rim, European, and Middle Eastern markets by way of independent sales agents.
