#### TV Cable:

This service was incorporated two years ago to the limited services area, and it is controlled by the Subsecretary of Telecommunications jointly with the National Television Council. The Subsecretary oversees the technical part, but the concessions are later given by the National Television Council. TV Cable is also legislated by Law Nº 18.838 of 1989, The General Television Law. All concessions for TV Cable have the character of indefinite length. At present there are three concessions:

- Intercom : It is related to El Mercurio Group. It has the concession in the Metropolitan Region.
- TV Red : It has the concession of the city of Punta Arenas.
