

INTRODUCTION

This booklet has been prepared to provide advisers and observers to the 28th Session of the United Nations General Assembly with a compact reference work which outlines some of the more significant features of the procedure and work of the General Assembly, and in addition, draws attention to Canada's participation in the various organs of the United Nations system.

This booklet will be most useful if it is read in conjunction with the documents supplied in Ottawa by the Department of External Affairs and in New York by the Canadian Permanent Mission.
