

JUDGE AND JURY DIVIDED MONEY

Breach of Promise Action Was
Quickly and Effectively
Settled.

IN A GOOD MOCK TRIAL

Prominent Citizens Took Part
in Entertainment at
Y. M. C. A.

The mock court trial attracted 1500 people to the Y. M. C. A. Association Hall Thursday night, and they spent most of the time in laughter. As an entertainment the mock trial was as successful as any comedy. Not only did its witty and satirical references and allusions to persons in the public eye in Toronto amuse, but the genuine merit of the thing itself won the appreciation of the audience and tickled its sense of humor. The mock court trial is not a flimsy thing of the parlor play character, but has a vigorous and spirited framework which has been suffused by its author, Col. A. V. Newton, with real dramatic feeling. Of course the audience enjoyed it all the more abundantly because the parts were taken by well-known Toronto people who played their parts capably.

Prominent People.
Hon. Mr. Hanna, who had been announced to appear in the part of judge, found it necessary to leave the city last night, and his place was filled by Dr. H. W. McKee. Controller McCarthy was court clerk, Corporation Counsel Geary was the defendant's lawyer, and Col. Newton himself, the author of the play, was prosecuting attorney. The jury was made up of twelve Toronto citizens of graded eminence. R. J. Fleming, R. C. Harris, Fred Chapman, Thomas Findlay, Albert Chamberlain, Dr. Fawcett, George Kingston, J. B. Jameson and R. C. Gavin were jurors.

Breach of Promise.
The case was a breach of promise action, and the defendant was George F. Hayden, and the plaintiff, whose deepest affections having been trampled under foot by the hard-hearted defendant, was exposed to the light of publicity by the trial, was Miss Winnifred Parker. Dr. O. A. Withrow, James Buchanan, V. H. Edwards, Miss Tena Crawford, and Miss Lulu Foxley were witnesses.

Motion Divided.
The verdict of the jury was that the defendant pay the damages asked for by the plaintiff. The damages were the reasonable valuation she placed upon the injury to her affections. The jury, however, divided, and the motion should be "divided between the judge and themselves, the share of the judge being 40 and the jury's portion 60."

All those who took speaking parts in the mock trial showed considerable dramatic ability and careful preparation for their public appearance. The insight and cleverness shown by them was not that of the ordinary amateur, but something that approached the art of the professional, which indicated how seriously they had taken their work and how thoroughly they had studied their parts.

THE SUNDAY WORLD

The Sunday World has the edge on all the week-end newspapers, and "there's a reason." It's because the pictures, the special articles, the news are what the people want.

We print 80,000 copies of The Sunday World. Very often the output of the presses is not sufficient to satisfy the demand. This week we have many features that are bound to interest.

The women will be pleased with the page of exclusive pictures from Washington. Sunday World photographers secured several excellent pictures of the Toronto delegation in the suffragette parade, including two groups and individual portraits of Mrs. Flora MacD. Denison and little Flora MacDonald Lapham. There are also pictures of Inez Mulholland, the suffragette leader, the new president and the retiring president. Other picture features are: McCaul Street School classes, S.O.S. dance, English and foreign pictures, snow scenes in Toronto, china wedding of Mr. and Mrs. T. J. Sutcliffe, triple wedding at Earlscourt, Dunlop Tire staff, Graduate Nurses' Club party.

In the Magazine Section there is a four-color front of Hellen's portraits of interesting New Yorkers. Some specials: A court in wax, by Margaret Bell; Old Ideals and New, by Dr. Gordon Bates; Kit's Column; the oldest living Canadian poet, Rev. W. Wye Smith; The Book of the Week, by A. S. M. Hutchinson; Musical Notes, by Fraulein Van; A Talk on Equal Suffrage, by Mrs. Flora MacD. Denison.

The Editorial Section contains a four-color cartoon especially for Irish readers, by Lou Skuce, with poem on St. Patrick; News of Horses in General and Turf Topics; past week in Toronto theatres; reminiscences of David Livingstone, and words and music of "If You Can't Sing, Dance."

APARTMENT HOUSES NOW UNDER SMOKE BYLAWS

Amendment to Municipal Act
Gives Councils Power to Col-
lect Fines.

Hundreds of apartment houses in the city are affected by an amendment to the new Municipal Act introduced by Geo. H. Gooderham, South Toronto, last night when the act was being adopted by the legislature.

Clause 400 gives urban municipalities the right to pass bylaws for smoke prevention if they so desire. Clause 42 provided that bylaws could be passed to prevent the emission of dense smoke from factories, mines, etc., for a period of more than six minutes in any one hour, with the stipulation that dwellings and apartment houses lower than four storeys from the pavement should be omitted.

Mr. Gooderham objected to the clause making the act inapplicable to apartment

COBOURG BOARD OF TRADE.

At the annual meeting of the Cobourg Board of Trade, the following officers were elected: President, John D. McKee; Vice-President, W. J. Maher; Secretary, E. W. Hargrave; Treasurer, C. J. Armstrong; T. S. Chatterton, J. J. Daley, E. A. Lunan, A. R. Dundas, G. M. Ferris, Harry Field, A. J. Gould, E. Guillett, J. D. Hayden, John Henderson, A. J. Hewson, A. L. Jex, Jas. Leonard, J. B. Nicoll, E. H. Osler, A. B. Roberts, J. E. Skidmore.

houses lower than four storeys. He cited cases of houses of three storeys on Jarvis street. Soft coal was used for heating and the chimneys often belched out dense clouds of smoke into the atmosphere for an hour at a time. In his opinion the high apartment house contributed less to the smoke nuisance than the lower house, as the smoke escaped where the wind could bear it away. Mr. Gooderham's amendment was accepted with very little discussion. It was stated that the purpose of the act was to meet just such a case as Toronto's.

As the act now stands owners of apartment houses may be fined for infringement of the act if the city council decides to take advantage of the act.

U. E. LOYALISTS' ANNUAL MEETING

Col. Ryerson Again Elected
President of the Association
in Canada.

DR. CAMPBELL SPEAKS

Authority on Canadian History
Gave Address on Early
Days in Canada.

"Who are the United Empire Loyalists?" This question was the subject of an address delivered to the United Empire Loyalists Friday night by Dr. Wilfred Campbell, of Ottawa, at the annual meeting of the association in the Military Institute. Dr. Campbell ranks as an authority on Canadian history, and his address was both interesting and educational. He traced the development of the association from its inauguration, and emphasized the necessity for such an organization to preserve the imperial spirit in a country growing more cosmopolitan from day to day.

The hall was filled to capacity, and applause was frequent. The president of the association, Col. G. Sterling Ryerson, occupied the chair. In tendering Dr. Campbell a vote of thanks for his address, the chairman advocated a vigorous campaign of education in the west. Improper and misleading history books were a source of danger, and he thought the association would be well advised to memorialize the education department regarding the same.

The following officers for the year were elected: President, Col. G. Sterling Ryerson; Vice-presidents, Lieut.-Col. G. A. D. Stewart, G. G. Denison, Lieut.-Col. W. Hamilton Merritt, R. S. Neville, K.C.; hon. secretary, Miss Helen M. Merritt; hon. treasurer, Mr. A. R. Davis; hon. chaplain, Rev. Canon Macnab; hon. genealogist, E. M. Chadwick, K.C.; executive committee, Mr. E. E. Macdonald, W. W. Major, Keefe, E. A. MacLaurin, Capt. V. A. Hall, J. Stewart Carstairs, F. O. Loft, R. E. Macdonald, Miss Catherine Merritt, Mrs. R. Stearns Hicks, Mrs. Phillips, ladies' committee, Mrs. Forsyth Grant, Miss Laura Ryerson, Miss Emily Merritt, Mrs. J. D. Tyrell, Miss L. W. Clarke, Miss Carey, Mrs. Hicks, Mrs. Loft, Dr. Amelia Johnston, Miss Strath, Miss Dickson, Mrs. Law, general council, Rev. Canon Alfred Brown, Halifax; Col. A. H. Macdonald, Quebec; Sir John Beverley Robinson, Barts, Edgewater, N.J.; Lieut.-Col. J. Gregory, Lacombe, Alta.; Mrs. John Gemmel, Ottawa; Egerton B. J. Hill, Vancouver, B.C.; Lieut.-Col. R. W. Gregory, St. Catharines; H. S. Seaman, Winnipeg; Lieut.-Col. Rogers, Peterboro; E. B. Merrill, Moose Jaw; Lieut.-Col. J. C. Macdonald, St. John's, N.S.; L. V. Chipman, Annapolis Royal, N.S.; Hugh Munroe, M.P., Alexandria, Ont.

COUNTY COUNCILS MUST NOW DECIDE

In Cases Where Villages Are
Sited in Two Coun-
ties.

According to the terms of the new Municipal Act when a village lying between two counties is being incorporated, the right to decide in which county the village will in future work out its civic life, rests with the county councils of the two counties, and in the event of their inability to arrive at a decision, the provincial government has the final say. This clause caused a great deal of discussion last night while it was being adopted by the house and finally led to a division.

The Liberals, headed by William Proudfoot, contested the clause. They spoke of the "rule of the people" and of "democracy" and finally offered an amendment stating that when a village decided to become incorporated, a vote of the ratepayers living in the area to be taken within the corporation should be taken.

"Just a majority vote, not a three-fifths one," suggested Samuel Clarke. "Where's your machinery?" asked Mr. Hanna. "How A. C. vote is taken before the place is incorporated?"

"Oh, if the amendment carries, we can then go on and decide on the means to be taken for the taking of the vote," said J. C. Elliott.

Mr. Hanna and Mr. Lucas both contended that the proposal instead of working for peace would work for ill-feeling and the proposal would begin its life divided into two factions.

Mr. Proudfoot: "I regret to say that I can't see eye to eye with the provincial secretary. The people who live in a territory to be annexed should have the right to say where they are going to go to transact their county business. It's all nonsense to talk of county councils having the right to decide. They will not do so and the result will be the arbitrary decision of the government."

Mr. Hanna then pointed out that it would have no effect at all in political contests.

T. R. Mayberry (South Oxford) cited the case of the Village of Tavistock, lying partly in Perth County and partly in Oxford. The residents, he claimed, would have preferred to join with Perth, as Stratford, the county town of Perth, was closer to the village than Woodstock, the county town of Oxford. In spite of all these conditions, the village was placed in Oxford County.

Mr. Proudfoot persisted in putting his amendment, but it was snowed under.

POULTRY BUILDING FOR O. A. C.

GUELPH, March 14.—(Special.)—It is expected the O. A. C. will get a new poultry building this year. The money has not been especially appropriated as yet, but it is expected as much as is required will be secured through the federal grant for agriculture if the Borden Government succeeds in getting the estimates thru.

The honorary governors who will visit the Toronto General Hospital during the week commencing March 18 are: Sir Edmund Osler, M. L., and Col. Sir Henry M. Peiliatt.

CARS COLLIDED CONDUCTOR HURT

Parliament and Yonge Cars
Smashed and John Coleman
Got Scalp Wound.

Bay street was the scene of a collision between two street cars at 4 p.m. yesterday, when at the corner of Bay and Front a Parliament car crashed into a Yonge car. John Coleman, 111 Withrow avenue, the conductor on the Parliament car, was standing on the rear platform when the collision took place and the sudden jar threw him off. His head struck against the pavement, and he was picked up in a semi-conscious condition and rushed in the police ambulance to St. Michael's Hospital, where he was found to have sustained a severe scalp wound.

The Parliament car was turning the corner in order to proceed west along Front and ran into the side of a west-bound Yonge car. The excuse given by the motorman of the Parliament car was that after he applied the brakes the car skidded. The front end of the Parliament car was pretty badly damaged, but the Yonge car escaped without any apparent damage.

PURSE OF GOLD FOR BRIGNALL

Friends of Popular Railway
Man Gave Him a Good
Send-Off.

Marking his departure from the Canadian Pacific Railway Company and his connection with the Robert Reformat Steamship Company, a number of friends of J. J. Brignall tendered him a dinner at the Prince George yesterday and presented him with a sterling-lined correspondence bag and a purse of gold. Speeches were made by friends of Mr. Brignall, and by "Jo" himself. His friends referred to the efficient work he has done for the C.P.R. for the past 25 years, and wished him every success in his new venture. Those present included, for the Toronto office of the C.P.R., M. C. Murphy, W. R. Maxwell, W. Maughan, outside agents; F. W. Churchill, Col. J. H. T. C. Macchett, Lindsay; J. H. Redcliffe, Union Station, C.P.R.; Allan Line; J. B. Tunning, foreign lines; J. J. Rose, Union Pacific; B. H. Bennett, Chicago and North-Western; A. J. Taylor, Chicago, Minneapolis and St. Paul; C. B. Brodie, Pennsylvania.

SPRING FRESHETS CAUSE OF ALARM

Guelph and Galt Both Suffer
Thru Break-Up of Ice
Jam.

GALT, March 14.—(Special.)—Following the breaking of the ice jam at Freeport at midnight, the water rose this morning until it broke portions of Main street bridge, flooded all the factory basements along its route, besides smashing hundreds of windows and destroying retaining walls. At 8:30 a.m. a fire alarm was turned in, but the brigade had not much to do. As quickly as it had risen the flood subsided and by 9:30 a.m. danger was over. The damage, however, is considerable, and includes the flooding of store cellars, containing perishable goods. The local boat houses suffered. Factories and foundries affected have shut down. Again the query is insistent: When will the provincial government, already virtually pledged to an investigation into the cause of the annual floods on the Grand River and consideration of means to avert the menace, get to work and do something?

Neurasthenia

THIS is the fancy name which scientists give to the disease commonly known as nervous prostration or nervous exhaustion. It is an ailment peculiar to this age and this continent.

The placid, contented life of our ancestors has been left behind, and everywhere there is rush and strain, whether on business or pleasure bent. Sometimes it is the cares and worries of business, but oftener the strain of attending the round of society and amusement, which brings on collapse of the nervous system. It may be the lady in high society who is the victim of it, or it may be the girl in the factory.

You lose interest in life, feel tired and languid, find your daily duties a burden, cannot get proper rest and sleep, have headaches and indigestion, are nervous and irritable over little things, some of the vital organs fail in their functions, and you become down-hearted and discouraged.

Any treatment to afford you more than mere temporary relief must increase the nerve force in the human system. The food you eat has failed to do this, so Nature must receive help from outside, just such help as is supplied

by Dr. Chase's Nerve Food, because this food cure is composed of the ingredients which go to form new, rich blood and new nerve force.

This idea of nourishing the nerves back to health and vigor is comparatively new. It has proved to be the only means of rebuilding and revitalizing wasted nerve cells.

While Dr. Chase's Nerve Food is put up in pill form, you should look upon it as a food rather than as a medicine, because of its building-up influence on the system. Natural and gentle in action and yet wonderfully potent in its reconstructive influence, this treatment is admirably suited to the needs of women who are pale, weak and run-down.

It fills the body with rich, red blood, restores the appetite and improves the digestion, thus enabling the body to get the benefit of the food you eat. It rekindles the vitality of the nervous system, and through the nerve fibres carries vigor and energy to every organ in the body. You soon feel better and look better. Hope and confidence are restored. The organs assume their natural functions and you find yourself well on the way to health and happiness.

Dr. Chase's Nerve Food

Fifty cents a box, 6 boxes for \$2.50, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

You Can Cure Yourself--At Home

If you are run-down, or suffering from any form of vital weakness, or lost vitality. If you have Rheumatism, Sciatica, Lumbago, Weak Back or Kidneys, Irritation of the Bladder, Prostatic Trouble, etc. If you have Indigestion, Constipation or Liver Trouble, or any symptoms of Weak Stomach, such as loss of appetite, heartburn, bloating, belching of gas, loss of flesh, complexion sallow, headache and a general all-gone feeling, or if you have any trouble for which you have taken drugs without benefit, write for my free Book, which explains everything fully. This means women as well as men.

I have the grandest remedy of the age—electricity as applied by Dr. McLaughlin's Electric Belt. I can show you people who had suffered for years with rheumatism, kidney and liver complaints, debility, weakness and other chronic disorders, who never received any permanent relief until they used my Electric Belt.

If you want to get well and stay well, you must help Nature remove the cause of your ailment. Doping the nerves and vitals with poison will fool Nature for a while, but that doesn't cure the trouble. Nature must have strength, vitality, new life and energy for the weak, inactive organs of the body. Electricity supplies this strength and life, and that is how it helps Nature cure.

Dr. McLaughlin's Electric Belt is the most successful as well as the best electric belt made. It does not shock or burn, and the current can be regulated to any degree of strength.

You may have tried so-called electric belts and found them worthless, but my appliance must not be classed with those flimsy, fraudulent contrivances that were made only to sell. If my Electric Belt did not cure I would have been forced to get out of business long ago, as have the makers of fake belts. But the fact that my appliance has been constantly before the public for 30 years is pretty good proof that it has merit.

No matter how far away you live, I can assure you the same careful attention that you would receive were you here in my office. Write me about your case to-day.

MORE THAN SATISFIED

Belleville, Ont., Sept. 10, 1912.

Dear Sir,—You will think I have forgotten you, but such is not the case, for I know my case was a severe one and it took some time to get fixed up. I am very thankful to you for what your Belt has done for me, and it will do the same for others if they would but give it a trial. I have been all right for some time, but have not written to you until I could give you a satisfactory report. Kindly accept this, with my best wishes for your every success, for I am cured of what I thought was impossible and my back does not trouble me in the least. You are at liberty to use this if it will help others to get within reach of your wonderful Belt. Believe me to remain, yours faithfully,

A. Stevens.

FREE BOOK

Write me to-day for my beautifully illustrated book, with cuts showing how my Belt is applied, and lots of good reading for men who want to be "The Noblest Work of God"—A MAN. Enclose this coupon and I will send this book, sealed, free.

DR. M. & McLAUGHLIN, 237 Yonge Street, Toronto, Canada.
