Butchers, as a rule, do not advertise, but the quality of what I have to sell, as well as the reasonable prices I charge, make my store different from other butchers' stores.

Beethoven's Music

Is so full of chromatic successions that it is absolutely unplayable on a common piano. Beethoven used every known trick that the piano of his day could accomplish. On the "BELL" Piano, Beethoven's music can be played as it should be—the fullness of the tone, the power to hold notes as long as the finger is held down, and the distinction of the base notes one from the other—all render this music practicable and enjoyable on "BELL" Pianos. We are only too glad to show this Piano to all callers.

IT NATURALLY FOLLOWS

That you have to pay more in the large stores. Large profits are required to pay high rents, etc. My place is small, rent low and profit meagre, but my work will compare favorably with the best. If you have your own cloth, bring it along, and I will make it up in the best possible style, and the cost will be reasonable.
