in Cash Wheat Situation.

CHICAGO, April 12.—Excited buying of Aday wheat on the part of shorts to-day wan up the price of that option nearly? sents a bushel, but a violent break in the last hour left only %c to %c net gain. One reason for the reaction was the discovery that the advance had not stimulated to any important extent the demand here for cash wheat. Distant futures closed at %c to %c net decline. Corn finished %c to %c down; oats, off %c to %c for May, shorts became nervous at the scantiness—with which that month was offered in the pit. Bidding forced a sudden budge, lifting the price 5¼c above the figures current a week ago Monday. At the advance, lones unloaded, and the descent was rapid, altho the reaction did not cairy May as low as during the first hour, when rainy weather had caused a decline. During the session May ranged from 87%c to 89%c, with the close nervous, %c to %c down, at %c. Cash Meats—vous, %c to %c down, at %c. "PIMPLES"

Broke Out All Over Her Face.

Pimples are caused, almost entirely, by bad blood, and there is only one way to get rid of them, and that is to get at the seat of the trouble by using a goodreliable blood purifying medicine.

Burdock Blood Bitters has been on the market for 35 years, and is one of the very best blood medicines procurable. After using it you will find that the

After using it you will find that the pimples have disappeared, and you will have a beautiful clear complexion.

Mrs. Robert McNab, Badjeros, Ont., writes:—"I am preatly pleased to report the benefit I have derived from the use of Burdock Blood Bitters. About a year ago I became so weak and run down I could scarcely walk, and pimples oroke out all over my face. I tried one thing after another, but nothing seemed to do me any good. I was advised by a lady friend to try B.B.B. and before I had used one bottle I felt it was doing me good so I used three bottles, and I am now well and strong, and the pimples have all disappeared."
