JURY IN JEFFRIES' CASE SAY ACCIDENTAL DEATH

Police Magistrate Holds Court—Aged Resident Dead—General County News.

TORONTO JUNCTION, Oct. 18.—"Accidental death, no blame attached to either the company or employees" was the verdict of the coroner's jury which to-night enquired into the death of Harry Jeffries, the young Englishman who was killed by a C.P.R. train about ten days ago. The evidence showed that the train was not going more than twenty-five miles per hour, and that the engineer had "blown" the whistle and did all in his power to attract the attention, but without avail. Assistant Crown Attorney Monaghan conducted the prosecution and heard the statements of John Rodgers of London, engineer on the eastbound train, which struck the unfortunate man; Fred Miles, fireman of London; Charles Jones, brakeman, 46 Pacific-avenue; Toronto Junction; John Dazell, conductor of Toronto, and Robert Boyles, who was inspecting air brakes with Jeffries at the time of the latter's death.

The wife of Joseph Sanderson of 46 Medland-street died here last night after being confined to bed for eight years. Deceased was 67 years of age. The funeral will take place on Monday, at 2 p.m., to Mount Pleasant Cemetery. Use Connell's large clean Pea Coal for your range. Nothing better, and only \$5.50 per ton. Corner Dundas and Weston.

In your paper of to-day "Citizen" suggests a broad policy of "Citizen" railways, winding up by stating that the then Manager Fleming could move from Hog's Hill north there is very strongly felt a great need for a more progressive policy in the suburban road which serves us then all the way along there would spring up homes by the dozen.

Rev. Dr. Crown, general superintendent of the department of temperance and moral reform, will preach in the Methodist Church on Sunday morning.

WYCHWOOD.

Driver is Thrown From Delivery Wagon and Injured.

WYCHWOOD, Oct. 17.—A plank sidewalk, three feet wide, is being laid on St. Clair-avenue, from Bathurst-st. to the Presbyterian Church. Rev. D. Pike of the church of Christ tendered his resignation to his congregation last Sunday. The resignation has not been accepted yet, but will be considered by the management, which will likely accede to the reverend gentleman's wishes.

Harry Edwain, driver for C. Webb,

had the misfortune this afternoon to have his horse run away, throwing him out of the wagon. Another horse who was with him, Wesley Childs, was also thrown out. While Schwalm laid his hands on the drunk Childs, hurried to neighbors for assistance, Schwalm was taken home and medical assistance secured.

NORTH TORONTO.

Citizens Plan Out a Greater Toronto—Organ Goes a Begging.

NORTH TORONTO, Oct. 18.—The Greater Toronto annexation scheme is discussed pretty freely in town, and it is suggested that if the city annexes any new territory the northern boundary line should be a straight one from west to east, and Eglington-avenue is suggested as the most desirable line, from the Huron River thru Mount Dennis, Fairbank and Forest Hill, taking the whole of Davisville, dividing the territory into two parts, the one to the east of the Huron River, and the other to the west. This territory would include Swansend, part of Lambton Mills, Toronto, Etobicoke, Mount Dennis, Dovercourt, Brimley, Wychwood, part of Fairbank, Deerdale, Moore Park, Davisville, Todmorden, Doncaster, East Toronto and five concession squares of East York, north of Todmorden, and East Toronto, making an additional thirty square miles of territory to Greater Toronto, or a larger area than is at present within the boundary of Toronto. This territory would include the population of from 20,000 to 25,000. The arguments in favor of this scheme is that the new territory could be laid out to greater advantage, instead of the irregular municipality laying out short streets. An organ and stool have been standing at the corner of Yonge-street and Eglington-avenue since last night. Scores of people gave open air concerts on last night, and as early as 2 o'clock this morning.

Mr. and Mrs. R. M. Reid of Creston, B.C., are visiting with Mr. and Mrs. W. Twiddy, corner Yonge-street and Eglington-avenue.

Do you know that you can save money by patronizing home industries and by buying your needles at Twiddy's Drug Store? Try and be convinced.

EAST TORONTO.

School Inspector Issues Report of a Flattering Nature.

EAST TORONTO, Oct. 18.—The report of Inspector Fotheringham, re-viewing the work of all the schools, has now been received, and in every respect, save one, that of overcrowding is of the most complimentary nature as respects the pupils, teachers and board of trustees.

Messrs. Brownlee, Leitch and Miss Yeo, the three public school principals, together with the assistants, are given excellent satisfaction. Attention is drawn to the fact that in the Kimberley school, in Park, there are enrolled 129 pupils, with an average of 25 in each class, with two teachers and another one in Park.

The local curling club has been well organized for the coming season, being found in excellent financial condition. They are now ready for business as soon as conditions will permit.
