CHICAGO WHITES AND BLACKS CONTINUE TO SHOOT, STAB AND LOOT DESPITE U.S. SOLDIERS

Chicago, July 31.-Chicago was comparatively calm today for the first time since Sunday, and public officials expressed the belief that the use of five regiments of state troops has effectually quelled the race riots, which resulted in thirty deaths and the injury of more than 1,000

State militiamen are patrolling the danger districts on the South Side. Their appearance on the streets has had the effect of suppressing violent disturbances. They were aided in their work by a driving rain, which kept crowds from gathering in the streets. A dozen arrests were made of whites and negroes, charged with carrying concealed weapons, and there were several sporadic fights between white men and negroes, but no mob attacks were reported.

State, city and county officials continued to operate in the suppression of violence. Governor Lowden, in a statement issued this morning, called attention to the fact that the city was not under martial law, and that no such action is contemplated unless conditions grow materially worse. He explained that the state troops are working in connection with the police, and that rioters will be prosecuted in the municipal and state courts, and not by military authorities,

Chicago, July 31.—Six thousand troops on duty with rifles and bayonets in the most densely populated negro quarters of Chicago, and a light fall of rain, failed to stop fighting between whites and blacks last night. Long after midnight isolated groups continued shooting, stabbling and looting in places which the military had been unable to reach. The death list remained at 30, none being reported killed last night. Several hundred have been injured during the four nights of rioting and a dozen of these may die.

Adjutant General Dickson, on returning from the placing of troops, eported that snipers had fired on a company of soldiers on the way to Englewood. No one was injured. The general reported that after the troops had taken their stations, quiet had prevailed in the patrolled
