They Used To Strap On Spectacles!
Old pictures and collections show grotesque shapes in early spectacles.
In the earliest styles the lenses were round, very large and fastened in a ring of black horn half an inch wide.
They were strapped on with a leather thong over the nose and another about the head. Small wonder wearers of spectacles were ridiculed in those days. Obviously, the adjustment could not have been very good. Such rudeness makes those shudder who appreciate the scientific necessity of delicate, accurate adjustment, as practiced at

Investment
Diamonds pay big dividends in the pleasure of wearing and pride of possession, but bigger dividends in always increasing values.

Money could be borrowed on diamonds during panic years, when stocks, bonds and even real estate went begging.

A good diamond is the best investment in the world today.

At The Theaters

AT THE ALLEN.
Presented at the Allen today, tomorrow and Saturday will be the famous actor, Henry B. Walthall, and all-star cast, in an exceptional film adaptation of Philip E. Oppenheim's novel of the Orient, "The Long Arm of Mannequin."

AT LOEW'S.
The story of "The Mollycoddle," which will be the feature production at Loew's today, Friday and Saturday, and which is the third production Douglas Fairbanks has made for United Artists Corporation, was directed by Harold McGrath, one of the greatest of America's story writers. The character of the title role is that of a young man who is a bit of a dandy, but who is also a bit of a rascal. The story is a comedy, and it is a very good one.

MORRISON BLAMES FARMERS FOR RURAL CONDITIONS TODAY

Declares They Shrank From Responsibility—Silent and Diffident.

HISTORY OF U. F. O.
Outlined At Rural Leadership School At Guelph by U. F. O. Secretary.

GUELPH, Aug. 4.—At tonight's session of the School for Rural Leadership, J. J. Morrison, U. F. O. Secretary, delivered an address to a large audience in the Massey Hall.

"Before touching on his subject, Mr. Morrison spoke briefly on the decrease of the rural population, and the remedies which would not doubt bring about change in conditions within the next few years. 'Agriculture is not an exciting' said the speaker, 'and opportunities to the rural people are nil. To prove the vast falling off in the rural population Mr. Morrison produced figures showing that in the county of Wellington alone 10,336 persons left the land within a period of 25 years from 1890 to 1915.'

Plans to Correct Conditions.
He explained how the U. F. O. organization was endeavoring to correct this condition, and mentioned that they had a number of plans for the future. 'There is not a farm in any county in the province of Ontario which is not in need of some help. To pay the interest on the purchase price, therefore it is not a dividend-paying industry, which accounts for the fact that we are faced with this depopulation.'

"What prospects has a young man who is seeking higher education on the farm?" he asked. "You may make a rural trustee or a member of the township council out of him, but it ends there."

Shrank From Responsibility.
Mr. Morrison stated that large numbers of young men left the farm, believing that it was for their betterment that they follow up a business life in the city, and ventured to say that nine out of every twelve young men in the employ of the big business houses, banks and other offices were raised on the concessions in rural Ontario.

Continuing, he stated that rural individuality was reckoned below par, and although sorry to make such a remark, placed the blame largely on the farmers themselves. "We shrank from responsibility a silent and diffident people," he said. "The isolated life caused the average farmer to become a peculiar individual."

Rapid Growth.
Discussing the origin of the U. F. O., Mr. Morrison carried his audience back to 1914 and explained how the party had grown from a mere handful of farmers to the strong organization which it is today with a total of some 60,000 members, 1,400 clubs scattered over various parts of the province, and had built up a number of great industries. He declared that the motto of the organization was "equal opportunities to all and special privileges to none."

Speaking of the activities of the organization, the speaker stated that so far the Government had given a good account of itself, and that the standard of the organization was for the creation of a democracy.

Girl Mother and Babe Receive Police Care
New York, Aug. 4.—After sleeping five weeks in Prospect Park with her five-week-old baby, Nellie Kelly, 24 years old, will sleep in the House of Correction tonight. The girl-mother told authorities that she had been turned out of her home because she was unmarried, and went to the park to sleep when her money gave out. The girl was clad in rags, while her child was daintily clothed. A rubber blanket was wrapped around the infant to protect it from dew and rain.

DEID VERY SUDDENLY.
BURGESSVILLE, Aug. 4.—Walter Briggs, aged 61, died very suddenly at his home here yesterday. He is survived by his wife, three daughters, and four sons, and also one brother, Arthur Briggs, of Alberta.

WILL URGE BETTER WIRELESS SERVICES FOR BRITISH EMPIRE

Resolutions To Be Discussed Today Ask For Better Postal Rates.

OTTAWA, Aug. 4.—Governments of the British Empire are urged to secure adequate wireless services throughout the Empire by public and private enterprise in a resolution which will be discussed at the second imperial press conference which opens in Ottawa tomorrow. The conference, representing the newspaper press of five continents and every corner of the Empire, will assemble in the Parliament Buildings at 12 having reached Ottawa tonight.

In addition to the resolution setting forth that the conference is strongly of the opinion that the principles should be at once adopted for providing the British Empire and the world with the advantages of wireless telegraphic and telephonic communication, a resolution calling for increased cable facilities and lower cable rates throughout the Empire, so as to assure the fullest interchange of news and opinion within the Empire, will be introduced.

It will be proposed that the conference should be asked, if the resolution carries, to lay down a plan for making increased grants to cable companies, but the resolution further affirms that the cable companies should be asked to be in the hands of newspapermen and not subject to official interference.

The resolution, which was moved by Mr. Robert Donald, vice-chairman of the British delegation to the conference, and seconded by Mr. J. E. Fairfax, moved by the chairman of the Australian delegation, Mr. G. E. Fairfax.

"The Empire Press Union should use its influence to secure better, quicker and cheaper facilities for dissemination of news by cable, wireless or other means," the resolution reads. "The Government to assist in such provision. Such assistance, however, to be limited to providing increased and cheaper cable, wireless and other facilities, all of which are declared to be essential to the strengthening of Empire relations."

Independence of news services and maintenance of privilege is declared in a resolution proposed by the Hon. Theodore Fink of the Herald, Melbourne, which followed.

"This conference affirms that the press and all news services be, and remain, independent of government or official control; and that the privileges secured during and since the war be maintained."

Sir Robert Bruce, L.L.D. (Glasgow Herald), will move that the conference confirm the principle that no newspaper, whether cable or wireless, should be concerned in the collection and distribution of news.

The Right Hon. Sir Gilbert Parker will move that the conference be of the opinion that there should be uniform postal rates for letters throughout the Empire, and that the conference recommend that postal rates within the Empire for newspapers and periodicals should not exceed the lowest rates in force between any foreign country and any part of the Empire.

Paper supply is dealt with in a resolution proposed by Mr. J. J. Knight (Brisbane Courier), secretary of the Empire Press Union, steps should be taken to insure adequate supplies of paper for the Empire, and a standing committee be appointed to give effect to the above, such committee to consist of two representatives of the British Isles, and one delegate appointed by each delegation, and the president, who is to be chairman.

Interchange of newspaper staffs is proposed by Lord Aspley (London Morning Post), who will move that the conference be of the opinion that the benefit would result from the provision of opportunities for the interchange of members of staffs of British and Dominion newspapers, with the object of increasing the efficiency with which information from different parts of the Empire is handled, and as a means of exchanging ideas regarding newspaper organization.

Mr. J. P. Collins (Civil and Military Gazette, Lahore, India), will propose that a committee of the Empire Press Union be appointed to confer with its overseas sections, and with all universities within the Empire, with a view to providing a course of journalism in order to frame a scheme of travel scholarship within the Empire for young journalists of proven capacity.

The imperial press par" visited the MacDonald Agricultural show at St. Anne's Bellevue, Quebec, this afternoon, and were entertained by the

YOUTHFUL AUTO THIEVES SENT TO REFORMATORY

Forty-Nine Building Permits Issued in Sarnia in July.

SARNIA, Aug. 4.—The returns of Building Inspector Harry Walton for the month of July show a total of 49 permits issued, totalling in value \$72,150, which includes permits for eleven new houses. Recent permits granted for dwellings include one for G. A. C. Andrews on the south side of Richard street, \$4,000, and for Duncan Ferguson on the north side of George street, \$4,000.

Judge A. E. Taylor today sentenced Clarence Lacey and Harold Hodson, two local youths, to a year in the Ontario Reformatory, when they were found guilty on a charge of stealing a motor car. They were arrested in Paris.

Local representatives of the Sarnia Gas Company, it was stated tonight, will attend the conference in Windsor on Thursday, when Hon. Harry Miller, minister of mines, and representatives of 20 municipalities will be in session.

The local chamber of commerce officials announced tonight that extensive plans are being made to greet the imperial press delegates who will arrive in Sarnia on August 12.

The local authorities are investigating a shipment of liquor made to Sarnia by London men who arrived in three motor cars, and with their cargo which was moved to launches, crossed over to the State of Michigan via the Detroit River.

ELEVEN YEARS IN NAVY.
BILLYFRID, Aug. 4.—Eleven years' service in the British navy, which included being present at the battles of the Marston, Jutland, Borkum, Zeebrugge and Dogger Bank, has been ended by Raymond Perrin, son of F. W. Perrin, Dundas street, and he has come here to take up permanent residence.

BUTCHERS ORDERED TO KEEP OFF MARKET AT WOODSTOCK

Board of Health Inspection Reveals Unsatisfactory Conditions in Many Places.

WOODSTOCK, Aug. 4.—As a result of a tour of inspection made by the Woodstock Board of Health, a clean-up of many butchers who supply meat to the local market will take place immediately. The majority of the premises visited were found to be in an unsatisfactory condition and drastic action is to be taken against some of the offenders. Some of the vendors have been absolutely forbidden to appear on the local market. The board is determined that the butchers who supply the city with meat shall have their premises exactly in accordance with the regulations laid down by the provincial department of health.

OWN THEIR HOMES.
Great changes have taken place in the ownership of city properties since the last assessment was made, over 40 per cent of the properties having changed hands since 1915. A feature of the change is the large reduction in the number of rentable houses in the city. Former tenants have been the chief buyers during the past year, which means that the great majority of the homes of the city are now owned by the people who live in them.

EXPECT COAL WILL ADVANCE IN PRICE

TORONTO, Aug. 4.—Increases in the prices of coal here as a result of the increased freights in the United States in a short time will be reflected in the prices of the traffic department of the Canadian Manufacturers' Association. He gave the production of nickel, anthracite, and \$1.50 a ton advance on bituminous coal.

CHAPLEAU WELCOMES PREMIER MEIGHEN ON WAY TO OTTAWA

Hearty Reception Given by Town Council and Citizens.

CHAPLEAU, Ont., Aug. 4.—Hon. Arthur Meighen, premier of Canada, and Mrs. Meighen stopped over here today on their return journey to Ottawa from the west, and were given a very hearty reception by the townspeople. The premier and his wife were met at the station by a deputation from the town council and leading citizens, and were escorted to the Nicholson Memorial Hall, donated to the town in memory of fallen heroes by G. B. Nicholson, M.P. They also visited the Lady Minto Hospital. On their return to their private car, Mrs. Meighen was presented with a bouquet of white water lilies by a little Indian girl from the Indian boarding school here.

Premier Meighen expressed gratification at the heartiness of the greeting, and congratulated the town on its fine memorial hall and hospital.

SUBURBY GREETED HIM.
SUBURRY, Aug. 4.—A thousand people of the nickel district and a brass band greeted Premier Meighen at Suburby station tonight while he was en route to the capital. The reception was very enthusiastic. Speaking from the observation platform of his car, the premier said he had no doubts whatever of the future of the mining industry of Northern Ontario. He made the prediction that in the next decade the products of the mine would exceed the products of the farm, and that the manufacturing and perhaps the agricultural production of the Dominion. He gave the production of nickel, anthracite, and \$1.50 a ton advance on bituminous coal.

REDS OFFER CZAR'S JEWELS FOR SALE

Gems Smuggled Into London Despite Police Vigilance.

London, Aug. 4.—Jewels of incalculable value, formerly the property of the czar and czarina of Russia, have been smuggled into London under the very noses of the secret service to be sold to replenish the Bolshevik propaganda coffers, it was learned today.

The ability of the Bolshevik agents to get the gems into London was most remarkable in view of the extraordinary vigilance exercised by the international police, since recent attempts to smuggle jewels of minor quality were frustrated.

It is declared the Bolshevik emissaries planned to break up the crown jewels, selling some in London and others in Paris and New York, and are making a desperate effort to recover the jewels and it was through their warnings to London diamond merchants that news of the arrival of the gems in this country became public.
