Market Notes.

Speaking of the prevailing high prices for poultry of all kinds, Mr. Marshall of Rutherford & Marshall, the well-known commission men, on Thursday said: "For the better class of poultry the demand is practically unlimited and the only regret is that so many Ontario farmers do not thoroly fatten their poultry before killing. For choice well-finished poultry the people have the money and are willing to pay the price," said Mr. Marshall, "but they want it good. Ontario loses millions of dollars thru this very source."
