THE ONTARIO BOGEY

Lawson Reverts to Provincial Government's Power Scheme.

(Canadian Associated Press Cable.)

LONDON, July 25.—W. R. Lawson reverts in The Financial News to the Ontario Legislature and the municipal power scheme and says: "Canadians might do well to reflect on the instructive if unpleasant fact that the city of Toronto is at the great height of credit property, they are having to pay for borrowed money quite as high rates as they did a quarter of a century ago."

That is no doubt chiefly due to their being such lavish borrowers, but recently there has been aggravated causes as well, and the Ontario bogey has been one of them. They can hardly feel flattered as a nation when the three per cent. Dominion guarantee is not valued in London higher than the three per cent. Ontario bond.

Even Ontario ministers must see something wrong in that.

Lawson estimates the "Ontario bogey" cost Canada £600,000, as every succeeding issue suffers more severely than Ontario's attempt to sidetrack Magna Charta.

The best hotel in Brockville, Ont., is "The Strathcona," 100 modern rooms (30 with baths); furnishings and cuisine complete in every detail. Special rates to commercial men.

MEALS AT TWENTYCENTS

CHEAP RESTAURANTS

Appreciation of Pie Values and Rise in Price of Commodities in General Forces Advance.

In view of the increased cost of food stuffs and especially the advance in the price of bread, pies and cakes, many of the restaurant keepers in the city feel they are justified in raising the price of meals.

About forty assembled in Sanderson's cafe, East King-street, last night and decided to form an association and affiliate with the Retail Merchants' Association.

After much discussion as to whether they would raise the standard price of a pie and a meal, it was decided that the pie should be sold at 25c and the meal at 35c.

After Wednesday night's meeting it was decided that the pie should be sold at 25c and the meal at 35c.

When a suggestion was made that soup be cut out altogether, a Chinaman said that soup was the cheapest preparation of a whole meal.

"Allee I do getee bones from butcher and puttee in forty gallons of water. My soup cost me nothing."

Officers will likely be elected at the next meeting, F. J. Denny acting as interim president.

Refreshment Men Also.

The refreshment, confectioners and lunch room employees of the city have organized themselves into an organization known as the Canadian Refreshment Protective Association.

At their meeting they decided to appeal against the unjust conviction of some of the members for selling ice cream on Sunday. Enoch Thompson of the Canadian National Sunday League was present and addressed the meeting at length on the unjust Sunday laws and Mr. Meek of the same society told what the Rational Sunday League had done on this continent.

A meeting will be held again on July 28.
