

# NORTHROP & LYMAN'S

## QUININE WINE

MEDICAL PROPERTIES:  
FEBRIFUGE, TONIC, &  
ANTI-PERIODIC

THERE never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill, in turn would aggravate the other. We have, however, in Northrop & Lyman's Quinine Wine, a remedy for many and grievous ills. By its gradual and judicious use, the frailest systems are led into convalescence and strength, by the influence which Quinine exerts on Nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite.

**SLEEPLESSNESS, TWITCHING OF THE MUSCLES, TREMBLING OF THE LIMBS,** and other manifestations of nervous weakness, are speedily remedied by it. It is also specially beneficial to children and delicate females, and to **BUSINESS MEN, STUDENTS,** and those who have much brain work, we would say, "Never be without it." It will strengthen you, keep your system in regular order, and enable you to successfully grapple with the work you have to do. As an Anti-periodic, it possesses great excellence. Chills and Fever, Billious Remittent Fever, and the minor malarial complaints, Dumb Ague, and Ague-crake, are eradicated by it, and the system fortified against their return. The remedies frequently prescribed for Fever and Ague have reference only to preventing the paroxysm and breaking the chill, without regard to the condition in which the system may be left after the chills have been removed; whereas, the mere suppression of the paroxysms in reality is but a small part of what is required to effect a radical cure.

**Golden Opinions** are everywhere expressed in favor of Northrop & Lyman's Quinine Wine. Read the following:

Mr. E. Robinson, Windham Centre, writes:—"For about ten years I have been troubled with Headache, or Brow Ague: some people call it, a pain across my forehead accompanied with Biliousness. Have tried nearly all the medicines sold in this country, but received no relief or benefit from them. Finally I commenced using Northrop & Lyman's Quinine Wine, and before I had used six bottles I was completely cured, and I have not had an attack of it since, now nearly one year."

Messrs. T. Elliot & Co., Cookstown, write: "We are sold out of your Quinine Wine. It is very highly spoken of by our customers who have used it."

Mr. E. T. Mulligan, Toronto, writes: "In gratitude to you for what your most valuable medicine, 'Quinine Wine,' has done for my wife, I wish to express my best wishes, and hope that all sufferers from disease to which your medicine is adapted will not hesitate in resorting to its use. My wife having been troubled with general debility, and having no appetite or relish for food, I procured a bottle of your Quinine Wine, and after submitting it to our family doctor, he told me he could prescribe nothing better. Thanking you for what it has accomplished, I am, etc., etc."

### A Wonderful Medicine.

C. Vanbuskirk, Kingston, N. S., writes: "Send me three dozen of your Quinine Wine at once. I have only one bottle in stock. It's a wonderful medicine."

Mrs. William Shelton, Toronto, writes: "I beg leave to acknowledge the good I have received from the use of your most valuable medicine, Quinine Wine. For the past two or three years I have been subject to weakness and loss of appetite, and being recommended by a lady friend to try your Quinine Wine, I purchased a bottle from my druggist, and it gives me the utmost pleasure in informing you that it has done me more good than what is claimed for it. I do, without hesitation, recommend it to all sufferers from like diseases."

Mrs. Joseph Spencer, Toronto, writes: "Having been a sufferer from general debility and weakness so peculiar to persons of a nervous temperament, I was induced to try your Quinine Wine. After taking the first bottle it had such a decided effect that my system began to rebuild, and my appetite was so much improved that I decided to continue the medicine; and I have no hesitation in saying that after I used the second bottle I was quite restored to my natural health. I feel as if I can not find words to express my feelings to you for what your medicine has done. I have also recommended it to my friends troubled in like manner, and in every instance it has met with the same results. I wish your medicine every prosperity."
