

TO CLEAR OF LABOR TROUBLES

ing is Likely to Run Smoothly Until Next Spring.

UP LOST TIME

wo Small Strikes Are and These Expect- to End Shortly.

seems to be about clear of labor disturbances, which the city has experienced several years, and with a smooth running of the majority of agreements in wages, the last time created such a sharp rise in the cost of mechanics was feared. The procedure of the building trades, which was formed about six months ago, has been a success. The procedure of the member unions than the men had not been terminated. It is doubtful more serious unions who still have their hands, are the expected that satisfactory will be reached in the near future.

Paper Towels

per-towels offer one means of saving the work of the laundress in the house, of lessening the laundry bill. The towels, which are made of a soft, absorbent material, are sold in packages of 50, 100, 200, 500, and 1,000. They are used only a few times and are as long as a fresh towel. The price of five towels is 25 cents, and a package of 100 towels is \$2.50. The price of five towels is 25 cents, and a package of 100 towels is \$2.50.

MONTREAL MAY HONOR HAWKINS

Local Regiments Expected to Join With City in Welcoming King's Prize Winner.

MONTREAL, Aug. 9.—There is a growing feeling among the non-commissioned officers and many of the men of the local regiments, that a reception of some description should be tendered Private Hawkins, to show that Montrealers appreciate the honor which he has brought to Canada, and the magnificent manner in which he upheld the Dominion at Bisley, by winning the King's Prize. Private Hawkins will arrive, it is expected, by Thursday next. He sailed on Wednesday on the Tunisian, and unless delayed will make Montreal on the 14th. The Grenadiers and the Highlanders, and probably some of the other regiments, will take the matter up at their regimental meetings this evening, when an attempt will be made to discover the feeling of the men and what shape the celebration should take. It is felt in military circles that such a reception would be as good a stimulant as could be given to young marksmen of this city. This year Montreal was not represented on the Bisley team, and the fact that the city has always been a bit weak in this department has long been lamented. If a reception was given the winner of the King's Prize, it would no doubt plant a seed in the heart of local marksmen, and they would take more interest in the game, notwithstanding the difficulty of getting out to the ranges. It is probable that the city may join with the military men in making the event, if such it becomes, a success. Owing to the absence of a large majority of the aldermen from town, no action was taken yesterday, but it is not probable that the city reception committee will meet on Monday, and study this question if it is brought before them by private citizens outside of the city council.

METHODIST CHURCH MISSIONS CONFERENCE

The General Board to Meet at the Maritime Provinces Early in October.

For the first time in sixteen years, the General Board of Missions of the Methodist Church, is to hold its annual meeting in the Maritime Provinces at Amherst, N. S., early in October. Thru the generosity of a few individuals, it has been made possible to bring together at Amherst, every Methodist minister in the active work in the Provinces of Nova Scotia, New Brunswick and Prince Edward Island to meet with representative laymen of the Maritime Provinces, with the officers and members of the general board of missions, in a three-day spiritual and missionary conference at the time of the meeting of the general board.

The program, which is now being arranged, will commence with a preparatory meeting on the afternoon of Monday, October 6. This meeting will be in charge of Rev. James Allen, A.A., who will be permanent chairman of the conference. In the evening when the formal opening of the conference will take place, the meeting will be led by Rev. Dr. Cairman, and a sermon preached by Rev. Dr. Chown, general superintendent of the Methodist Church.

In addition to these opening meetings, the following features will be included in the program of the conference: 1. A series of devotional hours and periods of intercession under the strongest possible leadership, for the deepening and the strengthening of the spiritual life, and that of the church throughout Canada and the mission field. It is expected that the leaders for these services will include the two General Superintendents, Rev. A. Barrer of Calgary, and Mr. J. T. Burckell of Sydney, C. B.

2. Consideration of the basic principles of the missionary enterprise, and a general survey of the world field of Christian Missions, by such experts as Rev. Dr. Bodicott, C. B. Kenney, Rev. G. J. Bond, and Rev. G. J. Bond, L.L.D. of Halifax.

3. A series of informative and inspirational addresses on each one of the more important enterprises and problems included in the whole work of the church. Some of these would be home mission work in Canada; work among the Europeans and Orientals in Canada; city problems; our Indian missions; our present opportunity in West China and Japan. Each of these addresses will be given by one of the speakers, actually organized in the work which he represents. Those expected at present to participate, include Rev. Thompson Ferris, superintendent of Indian education, Brandon, Man.; Rev. Geo. E. Hartwell, formerly superintendent of Oriental missions in Vancouver; Rev. C. E. Manning, Mr. N. W. Rowell, K. C., and several missionaries who are expected home from their fields in China and Japan.

4. A missionary campaign for the three provinces will be launched at this meeting and concluded with a simultaneous canvass at the end of October.

5. Some Toronto men, who are members of the general board, are N. W. Rowell, K. C.; Justice J. J. MacLaren; H. H. Fudge, Dr. Flavell. Also Revs. Dr. Briggs, Dr. Rankin and Dr. Young. Hon. W. H. Cusker, of Calgary, and J. H. Ashdown, of Winnipeg, are members.

DEATH OF PROMINENT AMERICAN MUSICIAN

Carl H. Eichler, Oldest Member of Boston Symphony Orchestra Passes Away.

SALEM, Mass., August 9.—Carl H. Eichler, the oldest member of the original members of the Boston Symphony Orchestra and organizer of the Germania Orchestra of this city, died at his summer home yesterday aged 86. Mr. Eichler was the director of music at Harvard University's commencement for nearly forty years.

GRAFTER'S SMALL ESTATE

NEW YORK, August 9.—Capt. Thos. W. Walsh of the police department, who died last June, shortly after he had confessed to participation in the graft paid to police officials for protection, left an estate amounting only to \$19.32, so far as shown in his will, which was filed yesterday. He possessed no realty.

Monday We Open to 100 Homekeepers the Privilege of Membership in the "Pullman Davenport Club"

The Davenport Bed has been so firmly established in popular favor, and its usefulness so well recognized that it is only a matter of price that keeps most homes from possessing one.

Appreciating this fact, and having 100 of the best make of Davenport Beds in our reserve stock warehouse, which we must dispose of before August 20th (when we vacate our King St. Warehouse), we have hit upon the club plan as the most efficient means of quickly finding homes for them. Briefly told:

\$5 Down and \$1 Per Week Does It

In purchasing a Pullman Davenport Bed on the club plan, there are no extras to pay, just the regular cash price—\$39.75; no interest, no unexpected demands. On payment of \$5.00 to join, we send the davenport home to you at once, and you pay us balance in weekly sums of \$1.00 afterward—that is all.

This is the Famous "Pullman" Davenport Bed

The davenport is the same as shown in illustration. It is a sturdy design, strongly constructed, frames of solid oak, finished in fumed or early English, as you prefer; also a few birch mahogany. The upholstery is of the very best grade, finest oil tempered springs in seat, and deep tufted back, with ruffled border. Coverings of first quality moroccoline, which will outwear most leathers. The famous "Pullman" action is noted for its ease of operation, simplicity and strength. It is so well balanced as to be easily opened and closed by a child, and is sold

with an absolute guarantee of entire satisfaction. Each davenport is equipped with a separate felt mattress, which can be removed and aired at will.

As a bed, none of the upholstered portion is used. Two simple turns of the seat, and a full size bed is exposed to view, with separate spring and mattress, which can be made up as quickly as an ordinary bed.

Choice of Two Sizes
Full length davenport, 7 ft. long; Pullmanette size 5 1/2 ft. long. Both beds are 4 ft. wide, 6 ft. long, when open.

The most convenient piece of furniture the home can possess—a couch by day, a bed by night—always ready when the unexpected guest arrives.

Join the Club Monday and Own a Genuine "Pullman" Davenport on the Easiest Terms Imaginable
