see Mr. J. H. J.

Mr. Frank Pedley,
Supt. of Indian Affairs,
Ottawa.

Dear Mr. Pedley:-

As you know I have been calling your attention to the Indian Land at Duncan of the flooding of the Cowitchan River. I am enclosing you a letter from an old settler, of course I do not understand that your Department has anything to do with the land, but at the present time the Provincial Government are protecting the River Banks in close proximity to the Indian Lands. I would like to know if it is the attention of your Department to recommend the Public Works Department to provide money for the protection for the Indian Land. Kindly write me a letter about the enclosed explaining your position,

Yours sincerely,

W. A. G. Smith
