

THE EVENING TINS AND STAR, ST. JOHN, N. B., THURSDAY, SEP.

MCGILL'S NEW CAMPUS SCHEME

The donation of \$100,000 by Dr. J. Douglas, of New York, will enable the construction of the students' residences, now behind the Stadium, which is already planned.

"THE GODDESS" IS STARTLING THIS WEEK

Imperial's Bills For Tonight And Tomorrow

The fifth chapter of the serial "The Goddess," which will be concluded tonight in Imperial Theatre, gives a vivid insight into the workings of white slave dealers in the city of New York. The pure and innocent Celestia, having become separated from the watchful care of Tommy Barclay in a dispute about admission to an hotel, is snatched up by a shrewd woman and lured by a taxi-cab into a den of vice. A price of \$1,000 is placed upon her head and the deal is about to go through when Celestia's power of purity and innocence overcomes the wicked woman who thrusts

the \$1,000 in the girl's hands and helps her escape to the street. In addition to "The Goddess," a splendid William A. Brady production entitled "Mother," will be presented in four reels with Emma Dunn in the leading role. Many people will remember Miss Dunn as the popular star with one of W. S. Harkins' best companies some years ago in this city. This story made a splendid impression last evening. Tomorrow and Saturday the fifth chapter of "The Broken Coin," in which Kitty and Kelleaux have a desperate encounter with the sewer dwellers, will be put on and the star feature of the double programme will be that fascinating little actress, Marguerite Clark, in the four-part romantic comedy "Gretna Green," after the story written by Grace Livingston Furness.

As a special inducement to parents to see the children, Rev. Dr. Charles E. Herring of Plainfield, N. J., announced that he will have toys in charge to amuse the youngsters while their elders take part in the services.

NO SEER LEADS HUNT FOR TREASURE

Chain Kidd's Buried Gold Search Colored People of Maryland

Baltimore, Md., Sept. 30.—Mrs. Maria Kidd, of this city, alleged colored seer and clairvoyant, interested numbers of people here in a search for treasure. She had come to her relative to the city of New York. She said it was for a century search for the treasure had been made along the Atlantic coast, under the supposition that Kidd's pirate ship had held the treasure when it was wrecked on the coast. She said that the iron chest of gold E. Herring of Plainfield, N. J., announced that he will have toys in charge to amuse the youngsters while their elders take part in the services.

Mrs. Kidd's revelation was to the effect that the buried treasure was found by deserters from the pirate ship's crew, was carried inland and was either buried in Ohio or Indiana within thirty miles of Richmond. Proceedings began across the Ohio line April 1st. For six weeks the little band of treasure hunters, headed by Mrs. Kidd, left Richmond at night and dug holes in the earth in Peble and Darke counties, Ohio. There was no clue to the treasure, but the searchers never grew weary or discouraged and in June the work was transferred to Henry County, Indiana.

Two weeks ago, after repeated attempts to find the gold, Mrs. Kidd advised that a combination of whiskey and money might be used as a "bait," that if these were placed together in a jar and buried for three days the presence of the real treasure could be detected if within range of a quarter of a mile. According to the seer the liquid would boil as if fire were beneath it if the treasure was near. The whiskey failed to boil, and more coins were placed in the fruit jar. The test jar was buried in a new spot.

When the searchers went to the farm they found the mystic jar on top of the ground. The coins were missing. Somebody in the party is suspected of treachery, yet the fact remains that when the coins were counted all the original fortune hunters responded. Mrs. Kidd thinks possibly some persons outside the clan who had been spying on the searchers robbed the "bait."

The report of the assessor of Pawnee, Ill., shows that there are but four watchies in the town, and that three of them are owned by one man, although there are thirty-nine automobiles. The population of the town is about 1,500.

THE BLESSING OF MOTHERHOOD

Healthy Mothers and Children Make Happy Homes

Motherhood is woman's highest sphere in life. It is the fruition of her dearest hopes and greatest desires; yet thousands of noble women through some derangement have been denied this blessing. In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. This is evidenced by the following letters which are genuine and truthful:

London, Ont.—"I wish to thank you for the benefit I received by taking your famous medicine, Lydia E. Pinkham's Vegetable Compound. Before my baby was born I was so ill I could not stand long or walk any distance. I had to lie down nearly all the time. After I took your medicine I felt like a new woman. I could work from morning till night and was happy and well. I certainly think it relieves pain at childbirth and recommend it to every woman who is pregnant. You may use this testimonial if you like. It may help some other woman."—Mrs. FRANK CORRIE, 123 Adelaide St., London, Ont.

Brooklyn, N.Y.—"I was all the time and did not know what the matter was. I wanted a baby but my health would not permit it. I was nervous, my side ached and I was all run down. I heard that Lydia E. Pinkham's Vegetable Compound was good and took the medicine. I have now a beautiful baby and your Compound has helped me in every way."—Mrs. J. J. STUART, 220 Humboldt St., Brooklyn, N.Y.

ITALIAN RESERVISTS GO

(Bangor Commercial)
About 100 Italian reservists passed through Bangor Tuesday from St. John to New York, where yesterday they took passage for Italy. They composed the second shipment of Italians who have passed through Bangor for the United States. They have been in this country from one to two years, and many of them have been working in the coal mines in Sidney, C. B. Others came from St. John and Fredericton. There are now from 8,000 to 4,000 Italians in the vicinity of St. John, who have been in touch with the office established by the Italian government there, and it is expected many other soldiers will be shipped through very soon.

The meeting of the Maritime Manufacturers' Association, Tuesday, were all young fellows, and they said that the government has not called on old reservists to come home yet, although there are many in Canada as well as in this country. The ages of these reservists are between twenty and thirty-eight years, which is somewhat different from the ages in Canada for the Canadian troops. Men under forty-five years old are received there.

AN IMPORTANT MEETING

Representative machine and foundry men from all parts of the maritime provinces gathered in Amherst on Tuesday. After many interesting discussions with various suggestions from those present, the following divisional officers were elected—Divisional superintendent, Mr. Waring, St. John; vice president, Mr. Crockett, New Glasgow; secretary, H. Miller, of Campbellton; divisional director, Mr. Fleming, St. John; and A. G. Robb, Amherst. The directors who form the committee have power to add to their number. Those present were: Messrs. Waring, Fleming, Stephenson, St. John, McElliott and Miller, of Campbellton; Woods, Oxford, and Stephenson, of Windsor; Douglas, Moore and Devenne and Robb, Amherst.

The meeting will lead to further industrial activity among the provinces. Special efforts will be made by the Maritime Manufacturers' Association, which is the title of the organization to increase and better trade and manufacturing.

AT DANIELS

Don't forget the big bargain sale of women's and children's winter underwear at Daniels on Friday and Saturday. Softer and more garments to be put on sale, manufacturers' seconds of the best quality of goods, the imperfections so slight as to be hardly noticeable. This is just the opportunity to secure a supply of winter underwear and save fully one-third on price. Remember, sale Friday and until 10 p.m. Saturday. No appropriation.

MRS. MCLEOD GOING TO ENGLAND

Mrs. H. F. McLeod and children will leave in a few weeks for England, where she will join her husband, Lieut. Col. McLeod, officer commanding the 12th Reserve Battalion at Shorncliffe.

PIPE PRESENTED

A Gordon Scott, son of N. C. Scott, who has enlisted in the 64th Battalion, received on the eve of his departure for Sussex, a very handsome pipe from his brother-in-law, Dr. E. C. Bonnell.

PRIESTS VICTIMS OF GERMAN SAVAGERY

Bishop of Nancy Gives List of Eleven Who Were Shot—No Excuse For Barbarous Executions

Paris, Sept. 30.—Mgr. Turinaz, Bishop of Nancy, has published the following list of priests belonging to his diocese who, he says, were shot or otherwise ill-treated by German troops between August and December, 1914.

E. V. Braux, vicar of Longuyon, shot, three days unburied; G. L. Persy, curate of Longuyon, shot, three days unburied; P. A. Calba, curate of Saint-Maur, Lunelville, shot at Durbain; E. V. Faive, curate of Sacre-Coeur, Nancy, shot at Durbain (sergeant nurse); C. E. Barbot, vicar of Behaiviller, shot, his head found separated from body; A. E. Robert, vicar of Cutry, cruelly ill-treated; J. P. Manias, vicar of Vandœuvre, shot; C. A. Renaudin, vicar of Villers-sur-Chiers, shot; J. Trefet, vicar of Deuville, shot with the parish mayor, severely ill-treated; L. Vouaux, professor at Malgange, replacing his brother who had been mobilized, at Jarmy as vicar, shot, horribly ill-treated; E. Thierry, vicar of Gondrecourt, shot.

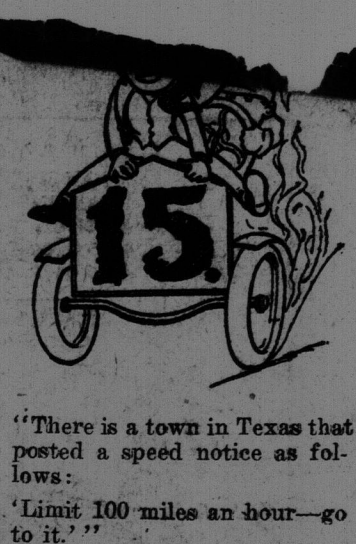

The bishop adds affirmation that no priest of his diocese had taken part in the military fighting, made signals to direct French troops, or placed in churches or towers arms or mitres, but all had advised the population to be prudent and guarded. He affirms that no shots which have been the pretext for firing villages, massacring inhabitants or other crimes have ever been fired by priests or other inhabitants.

Thin Men and Women

DO YOU WANT TO GET FAT AND

The trouble with most thin folks who wish to gain weight is that they insist on dragging their stomachs or stuffing it with greasy foods, rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract properly assimilates the food you eat. There is a preparation known to reliable druggists almost everywhere, which seemingly embodies the missing element needed by the digestive organs to help them convert food into rich, fat-laden blood. This preparation is called Sargol and much remarkable testimony is given as to its successful use in flesh building. Sargol, which comes in the form of a small non-injurious tablet, taken at meals and mixing with the digesting food, tends to prepare its fat, flesh and muscle building elements so that the blood can readily accept and carry them to the starved portions of the body. You can readily picture the transformation that additional and previously lacking flesh-making material should bring with your cheeks filling out, hollows about your neck, shoulders and bust disappearing and your talking on from 10 to 20 pounds of solid healthy flesh. Sargol is harmless, inexpensive, efficient. All leading druggists of this vicinity have it and are authorized to refund your money if weight increase is not obtained as per the guarantee in each large package.

NOTE—Sargol is recommended only as a flesh builder and while excellent results in cases of nervous indigestion, etc., have been reported care should be taken about using it unless a gain of weight is desired.
