FAILURE IN NEW JERSEY MURDER CASE?

Mott Evidently Could Not Convince Officials That He Has Enough Evidence for Grand Jury.

New Brunswick, N. J., Nov. 10.—The Hall-Mills murder remained a mystery today and there seemed to be no immediate prospect of its being cleared.

Mr. Mott declined to make any statement, his attitude indicating that he had been unable to convince Foreman Gibb and other local officials that he had enough evidence to warrant grand jury action.

MAN SHOT BY ASSASSIN IN TAXI

Died in Hospital After Attack Near Columbus Circle, New York City.

New York, November 10.—An unidentified man was shot down by an assassin in a taxicab, as he was walking in Fifty-eighth street, west of Eighth avenue.

The victim died in Roosevelt Hospital ten minutes after he was fired upon by a bullet which entered the back at the right side.

A though the spot selected for the slaying is within a moment's walk of the popular Circle, and the streets were thick with theatre-goers, no one actually saw the shooting.

Gray, starting in a burlesque show at the Park Theatre, was making for the stage entrance in Fifty-eighth street when she saw a man about 28, moderately well dressed, walking east, while a taxicab in which were two men came slowly, and did not turn her head when she heard a single report, which she supposed to be that of a bursting tire.

A policeman came and called an ambulance from Roosevelt Hospital. A. L. Williams, of No. 330 West Fifty-eighth street, told the police he thought the shooting had been done by one of a group of chauffeurs, who entered a taxi just after he, Williams, heard the man say: "Take a flash at 'em," as he showed something shiny to those with whom he was talking in a doorway.

Mexico City, Nov. 10.—General Juan Carrasco, for many months the leader of a considerable rebel army operating on the west coast, was killed yesterday, together with seven of his men in a battle with federal troops at Guamuchilita, Durango.

This information was received last night at the war office from General Juan Torres, federal commander in that region. Thus, close upon the execution of General Murguía, another prominent rebel leader, has been removed.

SENSATIONAL STORY RELATED BY A MOTHER

Pled Guilty to Abandoning Two Young Babies

Sudbury, Nov. 10.—A sensational admission was made in police court when Mrs. Catherine Newton of Biscotating, 23 years of age, after pleading guilty to abandoning her baby girl on October 27, declared that on June 30 last year she had abandoned another baby girl, thus clearing up a mystery which has baffled the police.

Records at St. Joseph's Hospital show that a Mrs. Catherine Newton had given birth to a child some seven days previous and the police followed up this clue with the result that Mrs. Newton was arrested at the home of her parents in Biscotating.

It was learned that in July 1919, she was in an Ottawa hospital presumably undergoing an operation and communication with authorities in Ottawa resulted in the discovery that the woman had given birth to a baby girl in that city.

She left for her home in Biscotating and later wrote to friends in Ottawa to the effect that her baby had died. Confronted with these facts and asked regarding the whereabouts of the child the woman admitted her guilt in connection with the first case as well.

New Orleans, La., Nov. 10.—The freight steamer Nola, which plies between New Orleans and Houston, Texas, was reported by wireless today to be burning in the Gulf of Mexico about forty miles from the mouth of the Mississippi river.

Dublin, Nov. 10.—Heavy firing took place in various parts of the city during the night. The irregulars renewed their attack upon Wellington military barracks and also fired upon the Portobello barracks. The early morning hours were made more hideous by the rattle of machine guns.

As Hiram Sees It

"Aint this a great day?" said Mr. Hiram Hornbeam to the Times reporter. "Great day," cried the reporter. "What do you mean?" "A fine day," said Hiram. "Where do you get that stuff?" demanded the reporter. "Who says it is a fine day?" "I do," asserted Hiram. "Aint the sun shinin'?" "Don't you feel like throwin' back your shoulders an' takin' a good breath the minute you go out?" "Bosh!" said the reporter. "Somebody has been spoiling you. Stay in out of the wet. Your eyesight is bad."

Ottawa, Nov. 10.—That this committee go on record as being strongly opposed to fusion with the Liberal party in either the provincial or federal houses of parliament, and also strongly condemn the alleged practice of calling secret meetings of the Progressive M. P.'s for the purpose of considering fusion of amalgamation with any political party.

These were the words of a resolution passed yesterday at a meeting of the executive of Russell County U. F. O. and U. F. W. O. held here.

Other matters considered were questions of the return of money taxed from municipalities for road work to the municipality's road found in proportion to its assessment. Marshall Rathwell, president of Russell County U. F. O., presided.

Allies Demand That Turks Keep to The Armistice Terms

MUST REPEAL MEASURES THAT CONFLICT WITH MUDROS STIPULATIONS OF 1918

Threat of Action if Turkish Nationalists Refuse—Kemalists in Fighting Mood and London Describes the Situation as Ominous—Ismet Leaves for the Lausanne Conference.

(Canadian Press Cable.)

Constantinople, Nov. 10.—The allied high commissioners have handed a note to the Ankara government representative here demanding the repeal of all measures relating to the customs, the public debt and the sanitary and other services which conflict with the capitulations and the stipulations of the Mudros armistice agreement of 1918.

Otherwise says the note, the commissioner will be compelled to refer to their governments for necessary action.

The allied generals also arranged a meeting with Rafet Pasha, Nationalist governor here, to whom they will submit minimum demands, with a view to insuring the safety of the most efficient control of the police and gendarmes. The commissioners will also discuss the situation at Chanaak consequent upon the Kemal encroachments upon the neutral zone.

The British official in command must be known for some time, but there are abundant indications that the Kemalists are in an intractable mood, an instance of which is found in new demands for the evacuation of the allied troops and the withdrawal of the warships.

Ismet Pasha, Nationalist foreign minister, in a letter to the British general, Harington, British commander, on Wednesday, complained of the constant proposals to put off the peace conference which he said created a difficult situation.

The high commissioners also presented a note to the Kemal representatives protesting against the "political murder of Ali Kemal Bey, editor of the anti-Nationalist Sabah, who was condemned to death by the Nationalists early this week on the charge of subversion."

(Constantinople despatches on Nov. 9, telling of an allied demand for the arrest of the Nationalist leader, Mustafa Kemal, who was reported to have fled to the mountains and was being hunted by the Nationalist forces.)

The Nationalist representative here, will leave Friday or Saturday, with several other Nationalist leaders, for the French steamer "Tiger" which is due at Marseilles next Wednesday.

London, Nov. 10.—If any message on the Turkish situation had been received from Constantinople up to noon today it would not admit it to the press. One government official went so far, however, as to say that the situation was "ominous" and that nothing had been received indicating that conditions were any better. He declined to explain the information on which this statement was based.

Constantinople, Nov. 10.—British troops continue to protect the British Palace, which the Sultan is now occupying. Last night the sovereign retreated to the residence of George M. Raunbold, British high commissioner, and expressed to him appreciation for the protection afforded by the British.

MUCH HINGES ON ANKARA REPLY. London, Nov. 10.—No one in England needs to know whether the situation in Constantinople is better or worse. The news that the British cable near Chanaak has been cut and the air is full of disquieting rumors.

The Daily News has a report that the Ankara government has asked the Soviet government at Moscow whether the Russian Bolsheviks will adhere to the Russo-Turkish military agreement in the event of war.

This report said Moscow had replied affirmatively, but the correspondent who filed the message understood that such adherence would mean the British and French troops for the Turks, as the Soviets fear that this would affect Russia's individual interests with other nations.

Some newspaper reports declare the troubled conditions in Constantinople are becoming worse, while others report improvement, but none convey the impression of reliability. On the whole, British sources of information declare matters are getting worse at Constantinople, and French sources report improvement.

Apparently the crisis at Constantinople is getting neither better nor worse. Everyone seems to be simply waiting to see what reply the Ankara government will make to the demand of the Allies that the Turkish Nationalists comply with the Mudros and Mudanya conventions. Upon this reply hinges the question of whether the allied commissioners will declare martial law in the Constantinople area.

Ismet Leaves for Lausanne. Constantinople, Nov. 10.—Ismet Pasha, Turkish Nationalist foreign minister, left here yesterday for Lausanne to attend the peace conference scheduled to begin there next Monday. He was accompanied by Dr. Riza Nur Bey and a suite of military financial advisers.

London, Nov. 10.—Paris has reported that Ismet Pasha, Nationalist foreign minister, has begun to take "sundered" steps towards the settlement of the allied administrative in the Constantinople region. But according to the diplomatic news in the Daily Telegraph, the allied commanders are unable to take such offers seriously, as they are no sooner made at Constantinople than they are repudiated at Ankara.

The various powers have not yet agreed on what to do about getting the Near East peace conference at Lausanne started. The Nationalists continue to clamor for getting down to business on scheduled time next Monday and the French apparently want to accommodate them, but the British feel a postponement is highly desirable. No answer to Russia. The text of Russia's reply to the Soviet plenipotentiaries to attend the Lausanne conference merely during the discussion of the steps, has been received here. It proclaims the Soviet government is in effect a sort of protector of Asiatic nations, and insists that the Moscow government and the governments of the Ukraine and of Georgia should be given full participation at Lausanne.

The Russian note demand a quick answer, but it is said here that the one most likely will not send a reply to Moscow, leaving it up to Russia to attend the conference or stay away from it, as she wishes.

THE COMING STORM

CABINET DEALS WITH EXPORT WAREHOUSES

Decision Must be Approved by Governor General Before Announced, in Saskatchewan Case.

Ottawa, Nov. 10.—(Canadian Press)—The request of the Province of Saskatchewan for a formal order, prohibiting the operations of export liquor warehouses in that province was dealt with by the cabinet at its session yesterday.

Premier King declined, however, to say what action had been taken, saying that the decision of the cabinet had yet to be approved by the governor-general. By virtue of an amendment to the Canada Temperance Act, the dominion government is empowered to declare export of liquor illegal on receipt of an order in council from any prohibition province requesting such action.

MINERS TO TRAIL VIOLATORS OF LIQUOR LAW

Gloucester Town Council Accepts Offer of Picket of Five.

Gloucester, N. S., Nov. 10.—By unanimous vote, the town council of Gloucester has endorsed a proposal by the Calceonia Local of the United Mine workers of America that the miners work a picket of five men, who shall serve without pay, search out places where liquor is sold and see that they are raided by the proper inspectors.

This system was followed here during the Nova Scotia coal strike of last August, with the result that the town was credited then with being "absolutely dry." Special pickets at that time also searched motors and teams on the highways and held up rum-runners.

The first inter-scholastic Rugby game for the maritime title is being played here this afternoon between Fredericton High School and St. Francis Xavier, of Antigonish.

COURT HOLDS DEALER LIABLE FOR INJURY DUE TO LIQUOR

Madison, Wis., Nov. 10.—Damages resulting from the consumption of intoxicating liquors may be collected by the injured person from the dispenser of the illicit liquor, the Wisconsin Supreme Court decided today in affirming a lower court award of \$8,000 to Mrs. Helen Smithers of Pon du Lac County for injury to her husband.

The court held that both exemplary and compensatory damages could be assessed against the saloonkeeper who sold intoxicating liquor in violation of the law.

Justice Owen declared that disregard of the law by a dispenser of intoxicants justified severe treatment. He held that the \$3,500 award to Mrs. Smithers was not excessive.

POINCARÉ, CURZON AND MUSSOLINI TO CONFER

Paris, Nov. 10.—A conference by Premier Poincaré, Lord Curzon and Premier Mussolini of Italy, probably will be held in Paris at the first of next week. France has approved the meeting, providing it does not delay the opening of the Lausanne conference beyond November 15, which date is now being considered for the formal start of the meeting.

continue to clamor for getting down to business on scheduled time next Monday and the French apparently want to accommodate them, but the British feel a postponement is highly desirable. FINAL WORD IN U. S. ELECTIONS

Republicans Control, But Strength Much Reduced

The Fate of "Wet" Candidates in Middle West—New Senator from Michigan is Going After Newberry.

Chicago, Nov. 10.—A continuation of Republican control in Congress, but with a majority of 163 in the house slashed to fifteen and a Senate majority cut in two, was assured last night by practically complete but unofficial reports from last Tuesday's elections.

While the Republicans retained only seven above a house majority of 218 and five above a Senate majority of forty-eight, they will have in the next Congress a plurality of eighteen over the Democrats in the house, and of eleven over the Democrats in the Senate.

Chicago, Nov. 10.—Election avowedly wet candidates for Congress were elected and nine self-announced wet aspirants for Congress were defeated in the Tuesday elections in the middle western states.

Big Rapids, Mich., Nov. 10.—Woodbridge M. Ferris (Democrat), senator-elect from Michigan, plans to "do what one man can to out Senator Newberry from the Senate," he announced here yesterday. Critics of what he termed "Newberryism" was Mr. Ferris' chief campaign argument, and that time also searched motors and teams on the highways and held up rum-runners.

"My first official act will be to begin steps for a re-hearing of Mr. Newberry's case," he said. Although he will be a new-comer at Washington, Mr. Ferris said he does not "intend to keep still, as is the custom of many members. The only way they can keep me quiet is to chloform me. It will be impossible for me to keep still for six years."

The senator-elect referred to published criticism of his campaign funds, denying that Henry Ford bore a part of his expenses.

Chicago, Nov. 10.—Mrs. Lottie Holman O'Neill of Downers Grove, the first and only woman elected to the Illinois legislature, let it be known yesterday that she would not be bound by the overwhelming sentiment of Illinois voters for wine and beer as expressed at the polls on Tuesday.
