

**PROCLAMATION**  
Proclamation having been made by His Excellency the Governor General of Canada requesting and enjoining upon the public that Thursday next the eleventh day of November be especially regarded as recalling the great services rendered to Canada and the world by the brave men who fought and died upon the various fields of warfare in defence of the principles of liberty and justice, I would therefore request that at 12 o'clock noon of that day all business and traffic suspend operations in the City of Saint John for the space of two minutes as a mark of grateful memory and profound respect for the dead who sacrificed their lives for freedom.

Dated at the City of Saint John this 10th day of November A. D. 1920.

E. A. SCHOFIELD, Mayor.

## MUCH GOOD WORK OF ASSOCIATED CHARITIES HERE

### The Annual Meeting Held This Afternoon

**Miss Grace O. Robertson's Report Deals With Conditions—Further Co-operation Asked for—Mothers' Pensions Advocated.**

The annual meeting of the Associated Charities was held here this afternoon. Miss Grace O. Robertson, the capable secretary of the association reported as follows:

At the 21st annual meeting of Associated Charities I beg to submit the following report of work done during the year.

There were eight board meetings and fifteen conferences held, the ladies of the board of management met with the secretary each week during the winter, and dealt with the cases which came under the notice of the society at these conferences. We received 1666 applications of various kinds. Of these 269 were seeking employment; 155 were seeking relief; 22 were seeking transportation; 8 women were asking to have their children adopted; 7 women were asking for children for adoption; requests from employers in the city, 193 requests from employers out of the city, 118; requests for women by the day, 189; requests for maids, 116; requests for housekeepers, 7; requests for experienced nurses, 10; requests for clothing, 86; requests for records, 129; proving unworthy of assistance, 16; employment was found for, 263; recommended to employers, 260; relief was procured for, 180; visits made, 892; cases investigated, 74; cases investigated for other cities, 61; clothing was given to 64.

Six men were sent to the workhouse to obtain night's lodging. Not to be found at given addresses, 25.

At Christmas the different church societies and citizens obtained from the Secretary the names of sixty-one families, to whom they sent dinners, clothing and toys, also as in the last few years, many of the friends of the society sent the Secretary generous gifts of money to be expended for Christmas cheer among the worthy poor and she was able to send many families loads of coal, groceries and clothing, and in this way many lives were brightened.

A young man of our city took fifteen families, and he collected, and sent them dinners, and toys. Such an act was much appreciated.

Again at Christmas the manager of one of our leading firms asked the Secretary for the names of fifty families having children, and he sent generous gifts of candy, fruit and nuts.

High wages made the year fairly prosperous among the poor but the cost of living is so high, it makes it impossible for the laborer with a large family, to lay by anything.

Fluctuating industrial conditions, illness, widowhood, wife desertion (of which we have had many cases) feeble-mindedness, and bad housing are still community problems, and so long as they exist, we will have with us families not able to measure up to normal standards of living.

We have been able to spend much for material relief, owing to the generosity of many of our citizens, having sent subscriptions to our benevolent fund. We were able to care for many aged people for weeks at a time. Owing to the long severe winter, we had many cases to deal with and saw much suffering. We feel that much of the service rendered cannot be reckoned in dollars and cents.

Our thanks are again due the friendly visitors. We feel we would not be able to keep pace with the work, if it were not for the volunteer workers. More of this service is needed. To visit a family is no small undertaking. It is the definite responsibility of keeping in close touch with them. It means a long look ahead with much faith and patience, for results appear slowly, and it is often only in looking back that the advance which has been made is apparent. Ours is not the work of a few days, but often extends to years of service.

While in individual cases we have been successful in restoring families to their proper place among men, in rousing the shiftness to a new sense of responsibility, one must remember the helplessness, and we are most grateful to those who have given us so generously during the year.

Through a combined effort of one of the churches and societies, we were able to deport a family to their former home, where the man could obtain work and support his family.

We are indebted to Mr. Flavelle for gifts of bags of flour, and to Mrs. L. G. Crosby for a number of gallons of molasses to be given to the worthy poor.

We look forward to the day when we will have mothers' pensions in this province, as it has proved such an excellent thing in many provinces in the dominion. We would ask for a further co-operation of the churches, societies and citizens, for it is only by means of an active co-operation of those interested in social welfare that the best results are obtained. Our chief aim is always to prevent pauperism and to help people to help themselves.

Before closing, we would like to thank all those who have so promptly responded with aid, in cases where special relief was required, and also to the press.

Respectfully submitted,  
GRACE O. ROBERTSON, Secretary.

## A NORTH SHORE CASE IN OTTAWA

Supreme Court Hears Matter of Bathurst Lumber Co. vs. Harris.

Ottawa, Nov. 10.—The Supreme Court today took up the maritime list. The first case was that of the Bathurst Lumber Company vs. Harris. The appellants drove logs down a river past the respondent's farm. The latter was indebted to appellants on a note and account and agreed to cut 400,000 feet of lumber on his own land and pile it on the bank of the river.

He delivered 90,000 feet only and finally the appellants took action for their debt and the respondent made counter claims for damages to his farm for the flooding of the river by the lumber company. The appellants then amended their claim asking damages for breach of the contract to deliver 400,000 feet of lumber. The trial judge allowed the counter claim and dismissed appellants' claim for damages and this decision was affirmed by the appeal court of New Brunswick.

## RESTAURANT PRICES IN STATES BEING REDUCED

Boston, Nov. 10.—U. S. Attorney Daniel J. Gallagher yesterday announced that a chain of twenty restaurants in this city had made reductions in prices of many dishes ranging from 14 to 50 per cent. Another restaurant, he said, had reduced prices on a few articles.

New York, Nov. 10.—Prices of foods served at this city's restaurants throughout the United States will be reduced from 11 to 25 per cent as soon as new menu cards can be printed and distributed. This was announced yesterday. The ten cent cup of coffee, however, will remain unchanged. New York, Nov. 10.—Reductions ranging from 25 to 35 per cent, from October figures were noted at the opening of a sale of 45,000 bales of rugs and carpets valued at several million dollars, here yesterday. Bidding was active and the first day's sales were considered good.

## PREMIER AT BIG CALGARY MEETING SPEAKS OF PENSIONS

Calgary, Alta., Nov. 10.—(Canadian Press)—Some 5,000 or 6,000 last night in the Calgary Arena heard Hon. Arthur Meighen and Hon. J. A. Calder talk on the public issues of the day. It was the largest audience the prime minister has met on his western tour. The premier said many believed there was no justification for any inequality in military pensions and he was inclined to think that if the whole thing could be done again, pensions for all ranks would be made uniform.

## KAISER TWO YEARS IN HOLLAND AS REFUGEE EMPEROR

Doom, Holland, Nov. 10.—Two years ago tonight William Hohenzollern arrived at the Dutch frontier, a refugee Emperor. Today he is leading in this little village the life of a Dutch country gentleman, doing just about as he pleases and going almost where he desires, about the countryside, so long as he stays within the territorial limits prescribed by the Dutch government.

The Associated Press correspondent has been told by those in close touch with the former Emperor that during the past few months William has found
