THE MARRIAGE OF TWO MINORS IS ANNULLED

(Canadian Press Despatch.)

Montreal, Feb. 3.-Mr. Justice Codere handed down judgment here this afternoon in the Superior Court annulling the marriage of John Angus Montreal, 20, and Rose De Lima Labadi, which was performed at Westmount on May 27, last before the Rev. F. H. Sproule, Methodist minister. The marriage had already been declared null in the eyes of the church by Archbishop Bruchési and Mr. Justice Codere now declared it invalid in all of its civil effects. Petitioner was Oliver Montreal, father of the bridegroom, who said the marriage was illegal, according to the marriage laws of the province of Quebec, firstly, because his son was a minor and was married without his parents' knowledge or consent; secondly, that both parties to the marriage were Roman Catholics and the only office qualified to marry them according to the laws of their church was a priest of the Roman Catholic church; thirdly, that husband and wife were first cousins and could not be married without a dispensation which was not obtained.

COUNCIL UPHOLDS THE PRINCIPLE BUT FAILS IN PRACTICE

At the regular meeting of the common council, held yesterday in the mayor's office, City Hall, a letter was received from the Canadian Re-Construction Association, Montreal, which, after calling attention to the adverse rate of money exchange between this country and the United States, and the common practice of buying American goods when the same articles are produced in this country, called for the co-operation of the council in advocating a policy whereby Canadian trade will be preferred by the Canadian consumers, quality and price being equal.

A resolution to this effect was moved by Commissioner Fisher and later was adopted, but some meritment was caused when the commissioner immediately afterwards notified the council that a sand-drying outfit for his department, costing \$2,000, was being purchased through Estey & Co., the successful tenderers, from a concern in United States and that the duty and exchange on the purchase would be \$75.

Commissioner Fisher was authorized to call for tenders on asphalt required this summer for the streets, pavements and sidewalks. Premier Foster informed the council that the school assessments were coming up before the government and that more information would be needed regarding the application which has been made by the school board for an increase in grants.

John A. Pugsley, Glen Falls, protested against a tax assessment of \$17 and another of \$301.73, which was levied against him by the city and explained to the council by letter, that the J. A. Pugsley Company, assessors, has been out of business for some time being succeeded by the J. A. Pugsley Co., Ltd., and that the business had been carried on for more than a year at Glen Falls, Parish of Simonds. He offered to pay half the assessment rate. The matter was referred to the committee.

L. P. D. Tilley, K.C., appeared before the council on behalf of his client, A. S. Hart, and asked that the city lot, No. 980, at the corner of Mecklenburg and Wentworth streets, now leased to his client, be re-divided from a third to a two-third division, as it is now to a half and half division and a separate lease made out for each division. The matter was held for consideration by the council on Thursday next.

The report of the North End Library Committee was read and ordered to be printed in the city columns. Commissioner Jones informed the council that several men, not yet heard, wished to express their views regarding the proposed change in the harbor by-laws, and the reading of the amendment was postponed. TRINITY A. Y. P. A.

The Trinity A. Y. P. A., at its meeting last night, listened to a very interesting and helpful address by Dr. H. L. Abramson, director of the provincial laboratory, whose subject was the value of preventative measures in general health as compared with curative measures. He presented his subject in a forceful and striking manner and was very well received. Scrg-Maj. Simonds, formerly president of the A. Y. P. A., of St. Matthews church in Winnipeg, was present and gave some much appreciated hints regarding the procedure and methods of the meetings of that association. A short business meeting followed and Miss Marion Peters was elected to the office of treasurer. The evening was brought to a close with a jolly social hour during which refreshments were served by an able committee.

W. C. T. U. MEETING.

The W. C. T. U. at its meeting yesterday welcomed its evangelistic superintendent, Mrs. Mary Seymour, after her recent illness. Mrs. Seymour conducted the devotional exercises and the necessity of perfect separation from sin. Mrs. Seymour Scott was cordially received. Mrs. C. C. Corkum brought to the funds many dues which she had collected. Letters from the provincial executive members, Mrs. Hetherington and Mrs. MacWha, were read by Mrs. Seymour and it was regretted that Mrs. Hetherington was not improving in health. Mrs. Christie read a helpful paper on "God is working His purpose

WILL WELCOME CHINESE.

At a meeting of the soldiers' reception committee, held in the warehouses of A. O. Skinner yesterday afternoon, it was decided that the next "silly" train of vessels carrying Chinese coolies to this port, will be met by the committee and apples and a card of welcome in Chinese, will be presented to each member of the labor battalion. S. Herbert Mayer was chairman of the meeting.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force In Two Weeks' Time In Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL Says Editor of "Physicians' Who's Who."

Take plain bitro-phosphate is the advice of physicians to thin, delicate, nervous people who lack vim, energy and nerve force, and there seems to be ample proof of the efficacy of this preparation to warrant the recommendation. Moreover, if we judge from the countless prescriptions and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness. Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among drugs as bitro-phosphate, which is inexpensive and is sold by most all drug stores under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food cells, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing. Clinical tests made in St. Catherine's Hospital, N. Y. C., showed that two patients gained in weight 23 and 27 pounds, respectively, through the administration of this organic phosphate; both patients claim they have not felt as strong and well for the past twelve years. This increase in weight also carried with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, soon disappear, dull eyes become bright and pale cheeks glow with the bloom of perfect health. Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Frederick Koller, M. D., editor of New York City's "Physician's Who's Who" says: "Bitro-phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and enrich the blood."

WE all become run down at some time or other. It may be the after-effects of influenza, nerve strain, overwork—whatever the cause, the need is for a tonic to build up the system.
