TENDERS FOR NEW CARLETON WORKS CALLED FOR TODAY

Bids for Building of Series of Deep Water Wharves on West Side of Harbor Will Close on September 20

In an advertisement in today's Times tenders are called for the construction of an extensive series of wharves at west St. John. This follows the transfer of the above lots to the C. P. R., and these wharves will not only provide the sea-wall necessary to the railway company to fill in the lots and construct railway yards, but they will be the beginning of the comprehensive system of steamship berths to be constructed south of the present elevator wharf. This is good news for St. John. It is an effective answer to the assertion that reciprocity will destroy the trade of this port. The Canadian Pacific railway will go on increasing its facilities for handling freight at west St. John, and the government will construct the necessary wharves. The tenders for this extensive work will close on Sept. 20th. It will involve a large expenditure and provide employment for a great many men while it is in progress. Tenders are also called for a low water wharf at Pleasant Hill Road, Parish of Kana, N. B. They will be received until Monday, September 25.

SCHOOLS REOPENED; SOME CHANGES IN THE STAFFS

Exceptionally Large Number of Pupils, Especially in the High School, Reported—Details of Re-arrangement Among the Teachers

With an exceptionally large attendance in the various buildings, particularly at the High School, the fall term of the public schools was opened this morning. The day was mostly spent in preliminary details, organization, and a little review and examining work, and it was a busy session for teachers, scholars, and parents. Not for many years has the attendance in the High School been so large as was the case this morning, and indications are that it will be a prosperous term, judging by the interest displayed.

Supt. H. S. Bridges had a very busy day, as to him was left the work of organization and classifying in the High School, the principal, W. J. S. Miles, being absent on account of the death of his father, in which he has the sympathy of many friends. Dr. Bridges said this morning that there were few changes in the teaching staffs this year as compared with other years, but the following are recorded:

In Alexandria school, Miss Gene Scott has returned after her leave of absence, and will resume her teaching of grade 7. G. R. Turner has been appointed to the principalship of Douglas Avenue school, to fill the vacancy caused by the retirement of J. G. McKitteron, who is entering Acadia. Mr. Turner was formerly principal of the Fairville Superior school. In the other North End school—Dufferin, Peel, and St. Peter's boys there are no changes of importance.

The retirement of the Misses Colter from Leinster street school, to take positions in Vancouver schools, made two vacancies there, and they have been filled by the appointment of Miss Annie Parks and Miss Edith Willis. Miss Parks was for four years on the staff of the Sussex High School, while Miss Willis was in charge of the Sandy Point school. Her place there is to be taken by Miss Bertha Estabrook.

In Victoria, leave of absence has been granted to Miss Robb, and she has been temporarily succeeded by Miss Jeanie Keye, teaching grades two and three. Miss Edith Brown has been appointed assistant in this school.

Owing to Miss Nannary of LaTour school having been granted leave of absence, a temporary vacancy resulted there and it is to be filled by Miss Helen Lockhart, who was formerly assistant, in which position Miss Hazel Holder has been appointed.

There are several changes in the teaching staffs of the Sisters' girls' schools. Sister Lucia and Sister Constance have been granted leave of absence for this term, and Sister Matilda has resigned. Sister Marcellina goes from St. Joseph's to St. Patrick's to take Sister Lucia's place, and is succeeded by Sister Concilia. Sister Constance in St. Vincent's school is succeeded by Sister Agnetta, and Sister Mathilda's class in St. Peter's school will be taught by Sister Miriam.

For the present at least there will be no further changes, but the teachers will begin at once on the active work of the term. One fact that he was determined by Mr. Miles's absence in the High School, Supt. Bridges was unable to attend the Session of the other schools, but reports are to the effect that they were well filled.

WINGTON POKER GAME CASE GOES TO HIGH COURT

Appeal From \$90 Fine for Permitting Play in His Shop—News of the Railway Town

A citizen who was recently fined \$90 for permitting a poker game to be played in his shop is appealing the case to a higher court. The main ground is that the police cannot interfere with a game on private premises unless it can be proven that the owner is receiving pay for the use of the place for gambling purposes. There is considerable interest in the case.

For the present at least there will be no further changes, but the teachers will begin at once on the active work of the term. One fact that he was determined by Mr. Miles's absence in the High School, Supt. Bridges was unable to attend the Session of the other schools, but reports are to the effect that they were well filled.
