

CONSERVATIVES FOR RECIPROCITY

No less than five opposition candidates in Quebec have all openly declared themselves in favor of the reciprocity agreement. They are Mr. Mondou, the opposition candidate in Yamaska to succeed ex-Judge Oulmet, who after accepting the honor retired from the field; Mr. Barrette, who is opposing Mr. Eremont in Berthier county; Mr. Guilbault, the opposition standard bearer in Joliette. Mr. Tancrede Marsil, the disciple of "le malfre" in Bagot; and Mr. G. Monette in La-prairie-Napierville.

It is a significant fact that these gentlemen are all running in constituencies that stand to benefit most by the agreement and where the farmer is so evidently determined "to have his turn," that it has not been thought wise to thwart him.

GREAT ENTHUSIASM IN THE WARDS, VISITS BY CANDIDATE

Mr. Lowell and Others Make Tour of West and North End Rooms and Get a Reception Which Means Rousing Victory

Smashing majorities for Pugsley and Lowell from the North End and the West Side wards were predicted at rousing rallies visited last evening by Mr. Lowell, F. J. G. Knowlton, chairman of the Liberal executive, and W. G. Pugsley, son of the Minister of Public Works.

When the C. P. R. threw its weight into the election of 1900 to defeat Hon. G. Blair, the West Side ward was a small majority, although the Minister of Railways was elected by a majority of more than 1,000 in the city. This year there is nothing more certain than that both Pugsley and Lowell will give the American mills in St. John, as well as the enlargement of the river traffic, the North End voters will also pronounce in favor of reciprocity and the Liberal candidates.

The rallies last evening held in the headquarters for each ward beginning with Brooks ward on the West Side, were most enthusiastic. Mr. Lowell was in fine form and spoke vigorously at each meeting, being ably assisted by Mr. Pugsley and Mr. Knowlton.

On this question, said Mr. Lowell, "Frank Hatheway was forced to play second fiddle to myself. He was obliged to hold his party and support the resolution to live up to his pretensions as a friend of the workingman. Now he says that because I was obliged to make my own living and have always done so, that I am not a fit person to represent the constituency. I am not ashamed of the fact that I have made my own way in the world."

Mr. Lowell's reference to the part taken by Sir William Van Horne called for shouts of "He's no good" from the audience.

"Mr. Van Horne," said Mr. Lowell, "has made millions out of the hard working people of this country, and you can be sure that when he and Mr. Sifton come in on opposition to reciprocity they are looking out for their own pockets." (Applause.)

Speaking of the prospects for victory, Mr. Lowell promised a record majority in the parishes.

"I have lived my life among the people there and I can assure you that I am sure that when he and Mr. Sifton come in on opposition to reciprocity they are looking out for their own pockets." (Applause.)

The True Situation.

W. G. Pugsley made a brief but very vigorous address, thanking the workers in the name of the minister for the earnest work they had accomplished. He predicted that the government majority would be fully as large as it was before dissolution. Speaking of Quebec, he said: "If the Conservatives are in reality a party they would have a three-cornered fight in every county in Quebec against the Nationalists, who are traitors of the people, rather than allied themselves with Laurier."

Mr. Knowlton spoke very briefly, telling the hearers that the reports from every ward were most encouraging. The meeting closed with cheers.

A vigorous campaign will be carried on in the county during the remainder of the week. Tonight at Silver Falls a meeting will be held at which Mr. Lowell, Dr. H. L. Lantry, F. V. Hamu, James E. Quinn and B. Jordan will speak. The latter three are residents in the vicinity who will speak of the benefits of reciprocity from a farmer's standpoint. On Saturday evening, rallies will be held in the Dipper Harbor school house, to be addressed by Mr. Lowell and Dr. Curran, and at Lormville by Mr. Lowell, Dr. Silas Alward and Dr. W. B. Wallace.

The meetings in the city include the smoker in Keith's assembly room tomorrow evening and the grand rally for the West Side wards in Carleton City Hall Friday night.

THE EXTREMES.

This Saturday morning mopped his brow. "I can't do a thing with this actor," he said. "The more I wash him the more he seems to consider it a frock."—Telegraph Blade.

What the Liberal Government Has Done Already For

THE WORKING MAN

A LABOR DEPARTMENT with a specially assigned Minister, devoted to the interests of laboring men entirely.

THE CONCILIATION ACT, designed to remove friction, allay distrust and promote good feeling between employer and employee.

THE RAILWAY LABOR DISPUTES ACT, bringing about quick and amicable settlements of unfortunate disagreements.

THE SAFETY APPLIANCE ACT, by which workers with machinery are less exposed to danger in earning their livelihood.

THE INDUSTRIAL DISPUTES ACT, a legal process whereby the workers can obtain secure redress and not be bulldozed.

THE IMMIGRATION ACT, to regulate the class of foreigners coming to Canada thus protecting Canada against undesirables.

THE ALIEN LABOR ACT prevents the importation of any foreign labor under contract. Canada for Canadians Always.

THE EIGHT HOUR DAY ACT, which protects the working man from "overtime" at no pay as once was the rule.

SIR WILFRID MAKES DIGNIFIED APPEAL TO QUEBEC ELECTORS

Asks for Support on no Racial Grounds
---It is a Fight for the People and he
Has no Doubt of Victory for Government on Sept. 21

Toronto, Sept. 12.—"I only ask from you the same rights of justice and liberty and equality which you ask for yourselves. I have won before on that basis and I am going to win again."

With this declaration Sir Wilfrid Laurier closed his address at Victoria Park, Quebec, today before an audience of 7,000 people.

"This," said Sir Wilfrid, "is a fight on behalf of the common people for wider markets and cheaper food. We represent the cause of the workers against the trusts, that of the farmers against the manufacturers. The voice of the people will be heard on Sept. 21, and I have no doubt of the result either in this county or in the province of Quebec or in the Dominion of Canada."

Concluding, Sir Wilfrid said: "I have been accused of being too French in Ontario, of being too imperial in Quebec, but I am a Canadian first, last and always. You have known and trusted me for many years, both in public and private life. I have never deceived you, and I will not now. I love my people. I love the English, the Scotch and the Irish, but best of all I love you, in whose veins flows the same blood as flows in my veins, but I appeal to you on no racial or religious grounds."

"We are all Canadians, proud of our land and united under one flag. I have served my country at home for fifteen years. I have represented her abroad four times in the councils of the empire and I have never shamed you or my land. I appeal to you on the basis of justice, liberty and equality, on that basis we will fight and win."

NOT SALTS, OIL OR PILLS BUT CASCARETS

No Odds How Sick Your Stomach; How Hard Your Head Aches or how Bilious—Cascarets Make You Feel Great

You men and women who somehow can't get feeling right—who have an almost daily headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping clean inside with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you up by morning—a 10-cent box from any drug store will keep your entire family healthy.

Beauty is potent, but money is omnipotent. A pound of care will not pay an ounce of debt.

WHY NOT?

Mr. Borden says the time is past for Reciprocity. Why? If Reciprocity of four millions of people with sixty millions was good policy twenty years ago, why is not reciprocity of eight millions with 100 millions good policy today?

HON. MR. PUGSLEY IN FREDERICTON

Opera House Crowded at Liberal Rally—Important River Matters Presented by Minister

Fredricton, N. B., Sept. 12.—The biggest political meeting of the present campaign in York was held tonight in the Opera House. The speakers were Hon. Wm. Pugsley, minister of public works, Dr. A. B. Atherton, the reciprocity candidate in York, and Rev. J. J. McCaskill, of St. John.

Dr. Atherton

Dr. Atherton was received with a great outburst of cheering when he arose. He prefaced his remarks by stating that he never had been a strong party man and in the past had never attended party conventions. However, when reciprocity was made the issue he felt it his duty to accept the nomination so heartily tendered him by the convention held in Fredericton. (Applause.)

Rev. J. J. McCaskill, of St. John, followed Dr. Atherton, and was well received. He gave a clear and forceful statement of the issues of the campaign.

Hon. Mr. Pugsley.

Hon. Wm. Pugsley opened his remarks with reference to the public works in New Brunswick in which the people of Fredericton are interested. Quoting from a Conservative paper, the minister stated he had been accused of attempting to bribe the electorate of Fredericton with the promise of a new public wharf. In order that the audience might not have the impression that the wharf was to be undertaken merely because an election was near, the minister stated that fifteen months ago his department had been prepared to proceed with this important work as soon as the city of Fredericton would arrange to transfer the site to the Dominion government, and until within a short time his department had heard nothing further from the city officials. The delay in the matter had not been due to the public works department.

Discussing also the important matter of river dredging, the minister said that he had great pleasure in announcing that he had made a contract with James Fleming Ltd., St. John, for the construction of a modern suction dredge which would be used to improve the river channel between St. John and Fredericton.

Further, he stated that his department intended to blow up two rocks which at present impede navigation at St. John Suspension bridge. Surveys there have already been made. The removal of the rocks will give a depth of twenty-two feet.

Mr. Pugsley addressed was a masterly effort delivered in his well known fluent manner. He dealt fully with the issues of the campaign and in addition to discussing reciprocity from the fiscal standpoint, replied to the disloyalty and annexation cries of opponents, pointing out that up to 1891 both parties had repeatedly declared for reciprocity. Sir John A. Macdonald had never been accused of being an annexationist because he wanted reciprocity.

Mr. Pugsley also talked of the navy and the Borden-Bourassa pact. In Quebec, the French Nationalists, he said, had allied themselves with the anti-reciprocity party solely for the purpose of beating Laurier, and they desired to beat Laurier because Canada had laid the foundation of a navy which in time of imperial stress would be at the service of the whole empire.

RECIPROCITY STEP IN PEACE DIRECTION

Ottawa, Sept. 12.—Rev. G. Watt Smith, who occupies the pulpit of the First Congregational church here, and who has spoken several times in favor of reciprocity, stated at a Liberal meeting in St. George's Hall that he had been threatened with physical violence if he continued to take an active part in politics. However, he said he had come from England more than a year and a half ago, and he believed that he was qualified and he proposed to continue to speak for reciprocity.

He denounced the doctrine of "let well enough alone," and compared it to the same cry of Lord Haldimand against old age pensions and Lord Lansdowne against reduction of liquor licenses.

He told of mixing among the farmer's delegation which came here last winter. He compared the obstruction of reciprocity with conditions leading to the rebellion of '37. The reciprocity agreement he said, was a step in the direction of peace, which all men desired.

King Edward and James Bryce were peace-makers, and the reciprocity agreement with which the latter had much to do implied the doctrine of friendly commercial relationships with our neighbors. The annexation cry was unworthy of serious notice.
