Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who entifer from Strumous complaints, and that one which will accomplish their cure must prove of imageness service to this large class of our afficted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

Schoptula and Schoptuces Complaints, Eauptions and Empiric Diseases, Ulcers, Pristless, Boigeness, Temors, Salt Rheem, Scald Head, Syphilis and Syphilistic Approximents, Boigeness, Temors, Denoiry, Nuclearints of Tie Documerce, Denoiry, Nuclearints of The Documers, Denaitry, Dyspersia and Indocumers, Denaitry, Dyspersia and Indocumers, Denaitry, Dyspersia and Indocumers, Denaitry, Dyspersia on Str. Anthony's First, and indeed the whole class of complaints arising from Impurity optus.

on Sr. Anthony's Firer, and indeed the whole class of complaints arising from Imperity of the State State of the State State of the State State

or any thing else.

During late years the public have been missed by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete cradication from the system, the remedy should be judiciously taken according to directions on the bottle.
