

The Girls' Home.

THIRTY-SIXTH ANNUAL REPORT.

WITH the present anniversary we complete our thirty-sixth year of work in the Home.

On the first of January, 1892, there were 87 children in the Home, 68 have since been admitted making a total of 155, of whom 52 were placed under indenture or taken by friends, two died and one ran away leaving 100 now under our care.

The Lady Managers desire to thank their many friends and subscribers for their continued interest and sympathy in the work of the Home.

Also the Lady Managers gratefully acknowledge their obligation to the Venerable Archdeacon Boddy for his goodness in giving instruction to the elder girls every week. And to Mrs. McGee, superintendent of the Sabbath-school and her efficient staff of helpers in their labour of love.

Miss McKee and Miss McMaster are in charge of the day school, and many of the children are making good progress in that department. The honour roll increases every month, which proves the earnestness of both teachers and scholars.

Our Physicians, Dr. Wishart and Dr. Susannah Boyle, have given their best attention to the Home and during the epidemic of diphtheria were most painstaking and attentive, and are deserving of our most grateful thanks. And we are also indebted to Dr. Caven for examination of any children that are sent to him.

In reference to Mr. Douglas, our solicitor for the past two years, the following resolution was passed at the annual business meeting held January 3rd, 1893 :
