How I Cure Without Drugs

A great many men are doing their stomachs with drugs, trying to overcome some chronic disease or weakness, and wonder what makes them so nervous, restless and unable to think clearly. They naturally blame the disease for it, but the trouble is really caused by drugging.

Your stomach, when it is working right, generates the power which runs every organ of your body. This power is electricity. When your stomach, kidneys, liver or digestive organs get out of order, it is because they lack the necessary electricity to enable them to perform their regular functions.

The breaking down of one of these organs nearly always causes other trouble. Nature can't cure them because your body hasn't enough electricity to do the work; so you must assist Nature by restoring this electricity where it is needed.

My Electric Belt does this while you sleep. It saturates the nerves with its glowing power, and these conduct the force to every organ and tissue of your body, restoring health and giving strength to every part that is weak.

Electricity is a power from the old system of drugging. It does by natural means what you expect drugs to do by unnatural means. It removes the cause of disease, and after the cause has been removed nature will do the rest, and give back to the nerves and organs the power they have lost, which is their life.

My Belt is easily and comfortably worn next to the body during the night, and gives out a continuous stream of that strength-building, nerve-feeding force which is the basis of all health.

It's easy and sure to be cured by Electricity, and the cost is not half an ordinary doctor bill.

Dear Sir—I must say a few words about your famous electric appliance. It has made a wonderful change in me. I haven't had to take a cent's worth of medicine since I first wore your Belt, and today I am feeling stronger and better in every way, from the sole of my feet to the crown of my head. I have tried all kinds of patent medicines with no benefit. I am feeling just like you told me I would. I know now that it is true, and you do not praise your Belt half enough.

Mark Whiteway.

ENGINE CRASHES INTO GROWNED EXPRESS CAR

Serious Accident on Salisbury and Harvey Road Yesterday

HOPDOWELL HILL, Jan. 18.—The Salisbury and Harvey train from Albert this morning met with a bad accident on the Steeply marshes a few miles out from Albert, which resulted in the death of the passenger car which was at the rear of the train, being smashed in and one passenger, who died from that, being badly injured. The train, which left Albert at about the usual hour, and which was followed by a light engine, was just crossing the Hopdowell Creek bridge when the coupling between the locomotive and train broke. The cars, by the automatic application of the air brakes, stopped short right on the bridge. The engine which followed was so close behind it was impossible to avoid a collision, the light engine crashing into the rear of the car, where the passengers sat, smashing in the door and tearing up the floor of the car.

Attempted to Jump
One passenger, Lew Morse of Portland, Maine, an employee of the contracting department of the New Brunswick Telephone Co., attempted to jump from the end of the car nearest the rear engine. Finding himself unable to do so, he was forced to let go, falling fifteen feet into the creek below, in which there was ten or twelve feet of water.

Morse was not missed for five or ten minutes and was then found struggling in the icy water and grasping a post of the bridge. He was nearly exhausted when rescued by the trainmen who hauled him up from his perilous position with a rope. Morse's hands were badly scalded and he was otherwise injured. Dr. Carnwath was at once sent for and attended to the injured man, who later was taken to Hillsboro, being unable to proceed further, his injuries proving more serious than at first anticipated.

The other passengers who remained in the car were more or less hurt, but not seriously. Constable O. G. Stevens, who was on board the train, was thrown over the seats and landed on the ground. Police Magistrate E. E. Peck had his shoulder hurt, and Miss McDowell of Alma had a rather narrow escape. She was sitting near the rear of the car and the floor was thrown up almost under where she sat, the steam from the engine pouring in over her.

The Scott Act
The better enforcement of the Scott Act was the subject of considerable discussion, it being considered officers should have more assistance. The following committee was appointed to assist the officers in the better enforcement of the act: Salisbury, parish, Rev. C. Fleming; Cann, G. A. Taylor; Moncton city, J. M. Ross; Moncton parish, Judge Emmerich; Shediac, Jas. Frier; Dorchester, E. W. Cochran; Sackville parish, Dr. Borden; Sackville town, J. M. Palmer; Westmorland, Rev. A. B. Chapman; Botsford, Rev. Mr. Brownell.

Taken to Jail
Commitments have been issued for parties recently sentenced to terms of imprisonment in the Dorchester Jail.

Act Violation. Tonight, F. Thibodeau, proprietor of Riverside, and William Hogan of Queen Hotel, were taken to jail, each to serve thirty days. Several of the parties also under sentence, and for whom papers have been issued are not yet found at present. In all there are some six or seven more having thirty days' sentences without option of fine against them. One has been released, and three, fifty dollar fines.

SAVONIA'S CREW SAVED BY STEAMER DOMINION

LIVERPOOL, Jan. 18.—The steamer Dominion arrived here today with the captain and crew of the British ship Savonia, which it rescued off Fastnet yesterday. The rescue was accomplished with the greatest difficulty. A heavy sea was running and the Savonia, which was under-laden, became waterlogged. Her crew, who numbered thirteen, were obliged to jump into the sea and swim a long distance to reach the boats of the Dominion, which the steamer sent to their aid. On their return to the steamer it was necessary to pour oil on the waters before the boats could come alongside.

The Savonia had been drifting helplessly for two days. The pumps had been rendered useless and the men were all wearing lifeboats so that they might leave the vessel at any moment. The fate of the ship is still unknown. Two tugs that went out to search for her have not yet returned and may possibly have her in tow.

DEATH OF WELL-KNOWN CAPTAIN

PORTLAND, Me., Jan. 18.—Captain Frederick A. Prince, a former resident of this city, died today in Newark, N. J., after a sickness of two years. Captain Prince was past 70 years of age and was well known in St. John circles. In 1852 he commanded the steamer Montreal, which carried passengers between Boston and Portland, subsequently commanding a steamer between Portland and St. John, and then he went to Calais, Maine, where he organized the Portland Steamship Co., which operated between Calais and Eastport. He next went to New York, where he entered the jewelry business and continued it until two years ago. The body is to be brought here tomorrow for burial.

NEW PRESIDENT NOT APPOINTED

A meeting of the general committee of the Laymen's Missionary Movement held in the Stone church yesterday afternoon with William Downie in the chair.

The main purpose of the meeting was to elect a chairman in place of the late T. S. Simms.

It was considered advisable to defer the appointment of a successor to Mr. Simms for a time.

A representative will also be appointed at an early date from the Baptist church to succeed Mr. Simms. Routine matters were also discussed at the meeting. Percy J. Steele acted as secretary.

White Rock
The order which assures epicurean delights, always calls for the sparkling mineral water.

RYAN IS SENT BIG BLIZZARD UP FOR TRIAL IN THE WEST

Maurice Charged With the Murder of His Brother Joseph

TORONTO, Jan. 18.—Mrs. Elizabeth Tull, of Hamilton, aged eighty-five, set fire to her dress while standing in front of the fire today, and rushed down stairs enveloped in flames. Her evidence was given for the crown by Maurice Ryan, who was committed for trial today at North Bay for the murder of his brother, Joseph. Strong evidence was given for the crown by Nora McKewen, the witness who disappeared and turned up again. She was housekeeper for Joseph Ryan and said when he went away he was driving with the prisoner, who told her he would see Joseph safe on the train. Joseph told her not to sell the furniture, and not to let Maurice have anything to do with the property, saying when he got settled he would write instructions to her. She had a half interest in the furniture.

When Maurice returned he repeated the statement about seeing Joseph safe on the train. Maurice then took possession of the effects, and sold them, she being too ill to prevent him. Maurice Ryan had no money when his brother went away, but afterwards was seen with a hundred dollar bill, and Joseph had several bills of that denomination when she saw him last.

State of Ohio, City of Toledo, Lucas County.
I, Frank J. Cheney, make oath that I am a senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.
Sworn to before me and subscribed in my presence, this 5th day of December, A. D. 1888.
(Seal) A. W. GLEASON, Notary Public.
Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.
Sold by all Druggists, etc.
Take Hall's Family Pills for constipation.

REV. W. F. STACKHOUSE APPOINTED SECRETARY

TORONTO, Jan. 18.—Rev. W. T. Stackhouse, general superintendent of the Baptist missions in the West, has resigned to accept the appointment of organizing secretary of the laymen's church in Canada and will come to Toronto in February. He is a Nova Scotian, who only took a western appointment a few months ago.

ORANGE LODGE IN SESSION

ST. STEPHEN, Jan. 11.—The County Orange Lodge was in session here to-night. About sixty delegates were present, representing all parts of the county. The officers elect are: Hon. W. C. H. Grimmon, county master; G. H. Hawkins, D. M.; F. G. Calder, charlister; D. A. Noddy, secretary; W. H. Hewitt, treasurer; James Marryat, D. of C.; J. N. Tutton, lecturer; D. Blakeley and James McKeown, deputy lecturers.

SALEM, Ogn. Jan. 18.—The election of George E. Chamberlain, Democrat, as United States senator from Oregon, seems to be assured tonight, for the thirty-eight Republicans who are opposed to him have been in conference for hours without deciding on any candidate for their support.

Chamberlain's Cough Remedy

WILL CURE Your Cold. Try It

The uniform success that has attended the use of this remedy in the cure of bad colds has made it one of the most popular medicines in use. It can always be depended upon to effect a quick cure and is pleasant to take.

It contains no opium or other narcotic, and may be given as confidently to a child as to an adult. Price 25 cents. Large size 50 cents.

YOUNG GIRLS GET TIPPY ON BRANDY CHOCOLATES

Startling Discovery Made by the Montreal Police.

MONTREAL, Q., Jan. 18.—Brandy chocolates, with more than half a teaspoonful of brandy in each and 25 to 30 of the chocolates in each half-pound box, sold extensively in the city at 60 cents a pound, led to action today on the part of Chief Archambault of the provincial revenue police.

One of the largest chocolate manufacturing establishments in the city is concerned in the action. On Friday afternoon 100 cases with four or five pounds of these chocolates in each, according to the statement of Mr. Archambault, were seized by the revenue police on the premises of Walter M. Lowrey Company of Canada, and from 25 to 30 gallons of brandy in a cask which was confiscated in the same establishment.

Following this a tour of city constabulary stores was made by revenue officers with the result that this afternoon thirty warrants against the candy store proprietors issued in the police court.

The charge in each case is "selling liquor without a license," this being the only accusation on which actions of the kind can be entered. A similar charge has been entered against the Lowrey company.

The complaints regarding the sale of the chocolates were received by Chief Archambault last week and a campaign was at once instituted.

Numerous cases of boys and young women having bought half-pound boxes of the chocolates and afterwards noticed in a state of intoxication have been reported. The largest sale was in the neighborhood of East End theatre and picture shows, matinee girls being the most noticeable purchasers.

Palpitation of the Heart.

One of the first danger signals that announce something wrong with the heart is the irregular beat or violent throbs. Often there is only a fluttering sensation, or an "all gone" sinking feeling; or again, there may be a most violent beating, with flushings of the skin and visible pulsations of the arteries. The patient may experience a smothering sensation, gasp for breath and feel as though about to die. In such cases the action of Milburn's Heart and Nerve Pills in quieting the heart, restoring its normal beat and imparting tone to the nerve centres, is beyond all question, marvellous. They give such prompt relief that no one need suffer.

Mr. Sylvester Smith, Hampton, N.B., writes:—"I was troubled with palpitation of the heart and tried doctor's medicines, but they only gave me temporary relief. I heard of your Heart and Nerve Pills and bought two boxes and before I had used them I was completely cured and would recommend them to all similarly afflicted."

Price, 50 cents per box, or 8 boxes for \$3.50 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

YUKON INDIANS DYING OUT

Not Like Other Tribes—Have the Color and Beard of a Jap.

"The Yukon Indians are fast passing away," writes a trapper in Fur News. "The squaws are living the children in creases, apparently, but among the men, old and young, you hear the hollow cough of lung trouble."

The Pelly River band had in 1899 twenty children, twenty squaws and fourteen men. That winter ten of the men died of pneumonia. Yesterday the Pelly band among them too; a broad scar across the neck and throat, where the old scrofula has healed up.
