CAPE BRETON PEOPLE ARE GLAD THAT THE COAL STRIKE HAS COME AT LAST

A Stand-Up Fight, They Think, Will Put an End to the Unrest and Discontent Which Has Prevailed for So Long--A Hard Struggle Ahead

SYDNEY, N. S. July 5.—There is little doubt in the minds of the citizens here and at the collieries that the Dominion Coal Company's collieries will be in the throes of a strike tomorrow... The railway employees of the company who, it was reported, would go out in sympathy with the U. M. W. A., at a meeting yesterday decided to remain at work...

PREVENTING DISORDER IN NEW YORK CHINATOWN

NEW YORK, July 5.—Acting upon information received from the Chinese minister at Washington today that immediate trouble was expected between the rival Chinese societies, the Hip Sing Tong and the On Leong Tong, police Commissioner Baker dispatched 20 policemen and 20 detectives to Chinatown. The police intended to deal summarily with any uprising that might occur.

Sham Battle on the Shores of Lake Champlain—Literary Items Later in the Day—Many Notable Persons are Present

PORT HENRY, N. Y., July 5.—With the crumbling ruins of Forts Amherst and Frederick forming a historic setting, the first of a series of events celebrating the three hundredth anniversary of the discovery of Lake Champlain by the famous French explorer, navigator and colonizer, Samuel De Champlain, occurred today at Crown Point, where Champlain with the Canadian Indian allies of the Huron and Algonquin tribes, first met the Iroquois in battle... The celebration was arranged jointly between the States of New York and Vermont, with the state commissioners and their guests, participated in today's exercises.

SOME FINE RACING AT SACKVILLE ON SATURDAY

Good Time Made on a Heavy Track—Cameron Won the Foot Race—Herb Atkinson Goes to Milltown—Engagement Announced

SACKVILLE, N. B., July 5.—Despite unfavorable weather, Saturday's races on the speedway, which had been postponed from Dominion Day, drew a goodly attendance of spectators. The noteworthy feature of the afternoon's sport was the good racing that was brought out and the excellent time that was made. The track was pretty heavy, yet in the three minute class Harry Cameron, a Spirit Hill horse, got away with first money in straight heats. Doris B. captured first place in the 2 1/2 mile class, coming under the wire first in each of three heats.

BIG INDUSTRY SEEKS SITE IN ST. JOHN

Needs Space on Water Front 600x700 Feet—Council Will Deal With the Matter. J. C. Durant is in the city for the purpose of seeking an available site for a large manufacturing plant. It is understood that a lot about 600 by 700 feet is required and that it must be on the water front. He has already visited several other places, and when the best proposition from each is submitted the best available will be selected. He had a long conference with Mayor Bullock this morning, and it is probable that a special meeting of the Common Council will be called shortly to deal with the matter. The most suitable site around St. John seems to be facing on Courtenay Bay, and the city will probably offer a lease there under favorable terms.

This is the Result of Sunday's Start on the Celebration of the Glorious Fourth—Louisville Loses a Prominent Citizen

CHICAGO, July 5.—Statistics compiled by the Tribune, regarding the Fourth of July casualties throughout the country indicate a much smaller list of fatalities and injuries than in any preceding year. The figures followed after the first day of celebration follow: Dead, 18—by fireworks and resulting fires 2, by cannon 1, by firearms 1. Injured 472—by fireworks 116, by cannon 51, by firearms 62, by gunpowder 25, by torpedoes 3, by toy pistols 56, by bomb cases 9, by runaways 14. Mrs. loss \$98,200. WILKESBARRE, Pa., July 5.—An overcharged cannon exploded last night in North Wilkesbarre and four boys were so badly injured that two of them may not recover. PHILADELPHIA, July 5.—The first death in this city from fireworks was recorded last night when Mary Gluck, 24 years old, died from burns received on Saturday. Her clothing had ignited by a fire cracker. CAMDEN, N. J., July 5.—Ruth T. Knowles, six years old, was burned about the back and neck when her dress caught fire from fireworks, and died in the Cooper Hospital yesterday. MADISON, Ill., July 5.—Frank Dixon, 26 years old, died from burns sustained when he was struck by a firecracker thrown yesterday in Hershosh Lake near Madison. He was frightened by the explosion of a cannon cracker which he had been holding in his hand and fell from the bank on which he was standing. The youth and his two brothers had been sent here by their father to avoid the possibility of their being injured by fireworks in St. Louis. LOUISVILLE, Ky., July 5.—The unenviable distinction of having made the most notable sacrifice to patriotism by reason of Independence Day celebration this year will probably fall to Louisville, through the death at Souther, Ind., early today of Arthur Granville Langham, former president of the Provident Life Assurance Society. Mr. Langham never recovered from the effects of having had his right hand shattered by the explosion of a cannon cracker late last night. He was one of a party of fashionable Louisville folk who were spending the end of the home, near Seymour, of John K. Peter, Mr. Langham's brother-in-law. A cannon cracker thrown lighted upon the lawn failed to explode and Mr. Langham took it in his hand and relighted it. The cracker burst in his grasp, mangleing the hand frightfully. He was operated upon at once but never recovered consciousness. Mr. Langham was a member of an insurance firm in Louisville, when he assumed national financial prominence in 1908 by gaining control of the Provident, then a point of difference between Governor Hughes and Insurance Commissioner Otto Kelsey, of New York. Later he was elected president.

SMALL ATTENDANCE AT HENLEY REGATTA

But a Record Number of Entries—Golf Tournament in Buffalo—Marathon at Honolulu. LONDON, July 5.—The Ranelagh Polo Club has accepted the challenge of the Meadowbrook, L. I., team to play a game of polo under the American rules, which do not permit of offside. The Meadowbrook men are giving a silver trophy for the game, which will come off July 10. HENLEY, July 5.—The annual Henley regatta, for which there is a record number of entries, opened here today with a small attendance and in cloudy weather. The programme today was made up exclusively of preliminary heats, in which there was little interest, the large crowds will come out later in the week for the more important competitors. There is a total of 77 entries, including a number from the continent, as compared to 74 entries in 1907, the best previous record. Interest centres as usual in the grand challenge cup, for which the club Nautique de Gard of Belgium again will compete. BUFFALO, N. Y., July 5.—Play began today in the three day tournament for the golf championship of Western New York on the links of the Buffalo Country Club. The entry list was the largest in the history of any meet and colors from many cities in the United States and Canada were entered. Walter J. Travis of the Garden Golf Club, former international champion, was among the starters. HONOLULU, July 5.—In the international Marathon race here, Hilo of Japan was the winner, with a New Zealand athlete in second place. Other competitors were from China, Portugal and America.
