There is an enormous harvest in the Canadian northwest. The Canadian Pacific railway is somewhat afraid, on account of the scarcity of labor in Canada, of its ability to get enough laborers up into the north. It has made a \$4 rate from all points in Ontario and Quebec up to all points in Manitoba. The Grand Trunk has again shown its usual antipathy to the Canadian Pacific railway, and is quoting the same rate to carry farm laborers to Minnesota and Dakota, although it is against the alien labor law to admit laborers into Minnesota and Dakota. Anything to hurt the Canadian Pacific is evidently the motto of the Grand Trunk, even the interests of Canada are sacrificed thereby.

FARM LABORERS WANTED IN THE CANADIAN NORTHWEST.

Arrangements have been made for the sale of one-way second class tickets on Tuesday, August 16th, only, to points in Manitoba or Saskatchewan, and including Moosejaw, Elstevan, Bismarck and Winnipeg at the rate of \$14.00. With each ticket will be given a certificate, which, when filled out by a farmer to show that the holder has worked with him at least one month, will entitle him to a return ticket on or before November 16th at the rate of \$14.00 each. The tickets are sold via Canadian Pacific all-rail line only.

DEATH OF JAMES H. KITCHEN.

The death occurred Friday of James H. Kitchen, at the age of twenty-four years. The young man had many friends, who heard with deep regret the news of his early death. For the last two years he has been conducting a liquor store on Brussels street, near Union. He was for some time a member of the Artillery, and was also an active member of the Haymarket Square Polymorphia club, and was a member of the Irish brigade that won so much praise in the jubilee procession last year. She turned back with a serious expression, and was seized with a hemorrhage. Dr. Kierstead was sent for, and after staying with the patient all night he succeeded in fairly stopping the hemorrhage. It came on again in the afternoon, and before the doctor could reach the house Mrs. Magee had expired. Three children are left, one a girl five years old. Monday morning the remains were taken to St. John. They were accompanied to the station by a deputation from the Orange and Grand Master, Hipwell, and Rev. Mr. Blakeney went down as far as Debec. ARE EATING MOOSE MEAT.

HARVEY STATION, York Co. Aug. 6.—Yesterday and today moose meat dressed in various ways has been a leading item on the bills of fare of Harvey Station. On Thursday afternoon a cow moose was shot about three quarters of a mile from the village, but the parties who did the deed having been seen (though not identified) were frightened away and their victim left where it fell. The moose was a large number of people, who were so much in good mood because of the moose, that they had no objection to the animal being divided up among the people of the place. The meat was handed over to Game Warden Edward James, who will sell it on Thursday next. The warden is doing all he can to find out who did the shooting, but even if he does not succeed, the effect of the close escape will prove most salutary.
