WORCESTER'S SERIES OF DICTIONARIES CONSISTING OF

Terchers, and to Schools.

THESE Dictionaries have received the approval of the most emment literary men, both in England and America. The Royal Quarto Dictionary, atthough first published in 1860, has already become the standard work in most of the literary institutions in the country; while the smaller works, especially the Comprehensive and the Primary School Dictionaries have been extensively introduced into the best Academies and Common Schools in the United States.

They are now the Authorised Dictionaries for New Brunswick, as will be seen by the following certificate:

Education Office,

Fredericton, August 22nd, 1861.

The Board of Education having authorized Worcester's Dictionaries for the use of the Public Schools in New Brunswick, I have much pleasure in recommending the Work to the favorable consideration of Teachers.

John Benner, Chief Supt.

WORCESTER'S ROYAL QUARTO DICTIONARY.

(Illustrated.)
1854 Pages - 1000 Illustrations.
This is entirely a new Work, and all the new words, synonymes, and illustrations will be found in their proper places. Attention is particularly called to the following Testimonials, selected from hundreds received of the same import:—

of the same import:—
From H. R. H. Prince Albert, in an Autograph Letter to the Hon. Ed. Everett, dated Buckingham Palace, May 9th, 1860.

My Dear Mr. Everett: 1 have to acknowledge the receipt of the very handsome copy of Dr. Worcester's Dictionary, which you have been good enough to send me; and I must beg of you also to assure the publishers that I am very sensible of the kind fee'ing which they manifested towards me. It is very gratifying to see that the parent language receives such valuable aid for its development and the preservation of its purity in your country.
