A CONFERENCE IN MONTREAL ON SUNDAY

Mr. George McAvity and Mr. John E. Moore returned yesterday from Montreal, where they had been in conference with Mr. Pagsley on Sunday.

The conference is said to have had something to do with the condition of the "unrivaled facilities" and the "unlimited resources" of The Telegraph and The Times, and the pressure under which they have been working.

In this connection the dredging business with the prices to be paid, is said to have been made the subject for discussion.

The question of profits in keeping with the organs' needs and requirements was uppermost. Will there be a fresh call for tenders for dredging, or another payment on account of work now in hand or to be in hand?

The annual meeting of the St. John District Epworth League was held last evening in the Portland street church.

The leaguers of the various churches were represented and interesting reports were received. The officers for the ensuing year were elected as follows:

President—Rev. Geo. A. Ross. 1st Vice President—Mr. T. Trommond.

2nd Vice President—Mr. V. C. Holdor. 3rd Vice President—Miss Sandall.

4th Vice President—Miss McConnell. 5th Vice President—Miss Bettie.

Secretary—Mr. Fred E. Barbour. Treasurer—Mr. William McCavour.

Excellent addresses were given by Dr. C. R. Flanders, Rev. P. A. Ross, of Hampton and Dr. G. M. Campbell.

Dr. Flanders spoke on life as a mission. Mr. Ross offered some suggestions as to the methods in league work; and Dr. Campbell spoke of the need of vision in Christian work, and emphasized the Bible as a missionary agency.

Rev. J. Heaney presided.

Trustee Bullock suggested that the old Water and Sewerage Building about to be vacated would be suitable for the offices of the School Board.

The suggestion provoked the mirth of some of the trustees. Superintendent Bridges asked if the city would not exchange the lot on which the water and sewerage office stands for the Weldon lot.

This suggestion provoked discussion and was favorably received.
