

CLOSING STOCK
LETTER FROM
RANDOLPH

(F. B. McCURDY & CO.)
New York, Jan. 27.—The opening was active and strong, in response to the higher quotations which were sent over from London, our market opening up practically at the London level. The main interest again centered in steel, which opened at a new high level for this movement. Copper was very active and quite as strong as steel, and to a lesser degree the strength was shared in by the rest of the list. Heavy selling took place on the bulge, and prices soon began to sag off, so that by the end of the second hour the whole early gain had been lost. The Rock Island issues were notably heavy and there were rumors that the road would make a change in its banking connections, the rumors evidently being generated by the I. C. report on the old Frisco bond issue. Cons. Gas also opened down, largely on disappointment with the annual report, and the idea that an increase in the dividend rate was still a long way off. Trading was rather light during the greater part of the day. There was a slight bulge in the market in the early afternoon under the leadership of Reading, but stock was encountered on the advance and prices once more relapsed. Net changes throughout the active list as a result of the day's dealings were small and it bore a somewhat more professional appearance than it has for the past week or ten days. In the last few minutes a buying movement in Reading, which carried it up to its highest price, stiffened the entire list so that the tone at the close was strong.

Total sales, 411,678; bonds, \$3,915,600.

ATTELL AND KILBANE

Chicago, Jan. 27.—Abe Attell, former feather weight champion, today received a message from San Francisco, saying he had been matched with Johnny Kilbane, present champion, for a bout for the title. The date probably will be March 20. Attell lost the title to Kilbane on Feb. 22, 1912.

FLIGHT ACROSS ATLANTIC

New York, Jan. 27.—Walter V. Kamp, a member of the Aeronautical Society, has applied for a patent on a new sort of aircraft, in which he says he expects to cross the Atlantic from Ireland to New York in the period of two hours.

CLOSING COTTON
LETTER FROM
JUDSON & CO.

(J. C. MACKINTOSH & CO.)
New York, Jan. 27.—As a whole today's cotton market was devoid of interesting feature, being dull but steady throughout. There was some evidence of an impaired technical position as the result of recent short covering, but considering the narrowness of the market offerings were well absorbed. The main opinion seems to be that nothing better than a trading market can be expected until new crop preparations become an influence. The cheerful reports from the spot markets are largely offset by expectations of a larger supply from the present crop than was looked for a month ago. The selling seems to be that the present price is a fairly equitable one pending fresh developments, either in the way of trade demand or preparations for the new crop.

TIGERS AND
YALE TO ROW
AT ITHACA

Princeton, N. J., Jan. 27.—Managers of the Yale and Princeton varsity crews have arranged the time and place for the return race which the Ells promised the Tigers last autumn, when they received an opportunity to give their English stroke a try out on Lake Carnegie.

The crews will meet in a triangular regatta on Lake Cayuga, the third boat being that of Cornell. The date chosen is May 23, which is Cornell's "Springday," the biggest athletic date of the year at Ithaca.

Princeton will compete in another triangular regatta before racing on Lake Cayuga. Although arrangements have not been completed, Pennsylvania, Columbia and Princeton will most likely meet on May 9 on Lake Carnegie.

Yale's freshmen crew has been invited to come to Princeton on May 9 also to compete against the Tiger crew. No answer has come from New Haven.

GOETHALS IS
GOVERNOR OF
PANAMA ZONE

Washington, Jan. 27.—President Wilson today signed an executive order putting into operation on April 1, a permanent government for the Panama Canal zone, and naming Col. Geo. W. Goethals as the first civil governor.

Senators who talked with the President, said today that Mr. Wilson fully explained his position on the tolls question, that his views incline toward the contentions of Great Britain, and that he would make public his attitude in the near future.

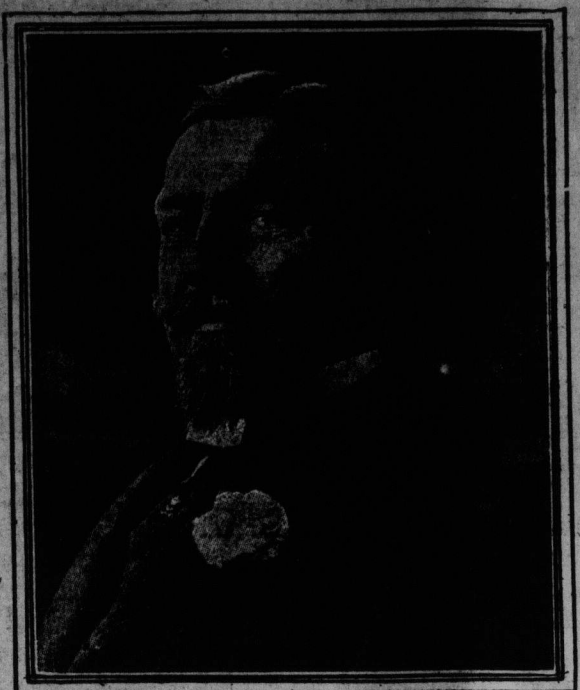

Several senators expressed surprise that in view of the President's positive attitude he had not urged some action at the extra session of Congress. What the President may recommend was not disclosed in today's reports of the White House conference, but it was pointed out that two ways might meet the views of the President.

KING OF FRANCE" AND "ESTRANGED
QUEEN" KEEP OUT OF COURT

THE DUKE OF ORLEANS

Fearing that the scandal of a lawsuit would injure his shadowy prospects of reigning over France, the Duke of Orleans has arranged a private settlement of his differences with the Duchess, who had sued him for separation, alimony and the return of large sums advanced by her for the promotion of his "cause."

The couple have agreed to submit to arbitrators the questions of the property and of the amount the Duke should allow his wife after separation. The Duke is the pretender to the French throne.

DEATH OF PROMINENT
HALIFAX MERCHANT

Nelson B. Smith, one of the best known Business Men of Maritime Provinces, Died Yesterday.

Halifax, N. S., Jan. 27.—Nelson B. Smith, of Smith & Proctor, produce merchants, died this morning, aged forty-five, after an illness of two weeks. He was one of the best known business men in the Maritime Provinces. He was president of the Union Bank of Halifax at the time of the amalgamation with the Royal Bank of Canada; president of the Nova Scotia Pure Milk Company, the Eureka Woolen Mills Company, and the Maritime Baptist Convention, a member of the board of directors of the Y. M. C. A., and a governor of Acadia University. A Conservative in politics, he successfully contested Halifax county for the legislative assembly. He was a prominent member of the north Baptist church.

BUSINESS DULL IN
THE RAILWAY CITY

"Business is not so brisk as it might be in Moncton," said F. W. Sumner, who is at the Royal. "Things are generally somewhat dull at this time of the year, and probably a little duller this winter than they were last. But there is no pronounced depression, such as they appear to have in the west. Some of our industries which sell their products in the west find that the west is not buying so freely as formerly. But everybody believes in the future of the railway city and the general soundness of business conditions in the Maritime Provinces."

WOODSTOCK MAN IS
SERIOUSLY INJURED

Woodstock, Jan. 27.—Archie Hodge, a well known citizen, an employee of the C. P. R., while fixing the tank at Upper Kent this morning fell down the inside of the tank and injured himself severely. He was brought to Woodstock and an examination of his injuries is being made this afternoon by the doctors. It is hoped that the injuries will not prove fatal.

CHICAGO GRAIN
AND PRODUCE
PRICES

(F. B. McCURDY & CO.)
Chicago, Jan. 27.—Wheat—Market slightly lower in sympathy with Liverpool. Local element and commission houses generally on the selling side, while best buying has been on resting orders. The break has brought in an improved cash demand, 250,000 being reported sold so far. Argentine news is bullish and an Antwerp house figures that after deducting the amount of wheat to go to Brazil from that country, there is only 44,000,000 bushels left for Europe against 84,000,000 on the basis of the latter figure. Brazil must have taken over 20,000,000 Argentine wheat last year.
Corn—Easy on the slow eastern calls. Argentine cables are conflicting, one reports crop as practically made, and two weeks earlier than usual. Another says immediate damage by recent drought and best prospects not maintained. We are inclined to believe the latter cable. Market appears to be in good fighting ground.
Oats—Dull and easier. 25,000 Canadian oats received last week.
Provisions—Opened lower with good buying of May ribs and lard credited to a local packer. Other buying scattered.
