

WORK NOT HELP IS POLICY OF FEDERAL DEPT.

Government Says Employ-
ment, Not Charity, is Best
at Present Time.

PROMISES MONEY IF AN ESSENTIAL

General System of Municipal
Aid Must be Approved by
Government.

Ottawa, Dec. 16.—The unemploy-
ment policy of the Dominion govern-
ment was announced today. The gist
of the announcement is this:

The situation should be met to the
utmost possible extent by providing
work instead of relief but should
emergency relief measures become
necessary by reason of utterly un-
avoidable shortage, the federal gov-
ernment will be willing to co-operate
on the following basis:

"The organization for determining
where relief must go and for dis-
tributing the same shall be provided
by the municipal authorities, and in
each case before relief is given and
as relief is continued, a certificate
must be obtained from the govern-
ment employment service, showing
that the applicant cannot be given
employment. The general system and
details and the safeguards adopted
must be approved by or on behalf
of the federal government.

"If this done the federal govern-
ment is willing to contribute in places
where relief on any substantial scale
appears to be necessary, one third of
the amount actually disbursed on this
relief, provided the other two thirds
be either paid by the municipality or
paid by the municipality and the
province jointly.

stabularies are searching for the bandit.
