Reports from Campbellton are to the effect that construction work on the International Railway has been progressing rapidly for some time past. Contractor Malcolm expects to have all the rails laid by July 1, and there will remain then only a few weeks work to be done in the way of ballasting and dressing up. Mr. Malcolm said a few days ago that he expected to have the road in full operation by August 1, if not sooner.

Capt. H. Hamilton Smith left last night for Halifax, where he is to be identified with the business of J. C. MacIntosh & Co. Capt. C. A. and of the 8th Princess Louise Hussars. Capt. Smith is at officer of the army service corps.

During the month of May the board of health issued only twenty-one milk censes. This number, the secretary, M. Burns, thinks, is rather low and may be that after the next meeting the board will take steps to bring pressure to bear on the milk dealers. So far, Mr. Burns says, he has had only two certificates from L. C. Daigle, the inspector appointed by the local government to inspect dairy hords.

The first tern semi-knockabout schooner ever built in Canada was successfully launched on Thursday last, from the ship-yard of Joseph McGill at Shelburne.
