

## 500 Carter Bulbs for \$2.75

**F**IVE hundred bulbs, Carter's Tested Seed Quality; choice varieties of narcissus, daffodils, crocus, jonquils, hyacinths, tulips and others, all for \$2.75; delivery paid.

This is a special introductory price to acquaint you with the excellence of Carter Bulbs.

A copy of "Bulbs", by James Carter and Company has been reserved for you. It contains much valuable information about bulbs and many specially-priced collections. Write for it.

### Carter's Book on Grass Culture

Fall is the time for lawn renovation, and Carter's "Practical Greenkeeper" will give you the information you want and the directions you need. It tells how to prepare and treat different soils, what fertilizers to use under all conditions; what mixtures to use.

Carter's Tested Grass Seeds are the product of generations of careful selection and testing. The most notable lawns in England and America, and all the championship golf courses of the world are sown with Carter's Tested Grass Seeds.

Write for your copy of the "Practical Greenkeeper". You will find it interesting and valuable.

**FALL WHEAT**—The results of 50 years' continuous use of Fertilizer on Wheat at the Experimental Station at Rothamsted, England, shows: Unfertilized, 13.1 bush. average yield per acre; Complete Fertilizer, 37.1 bush. average yield per acre. These experiments of Rothamsted are the most exhaustive and reliable in the history of agricultural investigation, and should command the serious attention of every wheat producer.

## Stone's Fertilizers

Every Ontario farmer should use Stone's "FALL WHEAT SPECIAL" and increase the average yield which is only 19 bush. per acre. Made from the best available Nitrogen, Phosphoric Acid and Potash, mechanically mixed, in perfect cured condition for drilling.

The latest report from Germany states that in 25 years German farmers have increased their yield of Wheat per acre by 57 per cent., Rye by 73 per cent., Barley by 52 per cent., Oats, 80 per cent., Potatoes, 61 per cent., and Hay, 53 per cent., chiefly by the liberal use of Commercial Fertilizers.

### How to apply STONE'S Fertilizers

Fertilizers give best results when mixed thoroughly with the soil. The best method of application is with a wheat drill with fertilizer attachment. Sow one or both ways at the rate of not less than 200 pounds per acre. An ordinary wheat drill may be used but care should be taken to clean out wheat box immediately after sowing fertilizer. Keep rod oiled to prevent rust.

Fertilizers for grass in the absence of proper seeding machinery may be broadcasted by hand at the rate of 300 to 500 pounds per acre. Harrow under with light harrow.

For tobacco sow broadcast with wheat drill or with one horse fertilizer corn drill, at the rate of 400 to 800 pounds per acre. To put in by hand use a good handful and mix thoroughly in the hill at least 18 inches of 2 feet square.

Fertilizers for corn when put in by hand should be scattered in the hill as much as possible. Time and money can be saved by the use of machinery in the application of fertilizers. All modern machinery is now fitted with fertilizer attachments at a very small additional cost.

When fertilizers are broadcast by hand, care should be taken to harrow them well into the soil. When dropped in the hill by hand, care should be taken to scatter the fertilizer as much as possible.

"Hello, Tommy! Chores done already?"  
"Yep! Aint you seen our new Litter Carrier?  
It's a cinch—You should write to  
Dillon's for their book—same as Dad did."

You can if you work hard enough, and if you have the time and patience, keep stables perfectly clean with the help of fork, broom and wheel barrow.

But those were ways of twenty years ago—before labor was so high and hard to get.

Stable Cleaning by the Dillon Method can be cut down to less than half the time, and a quarter the labor formerly required.

Your man's time is valuable—then cut down the time he spends cleaning the stables.

Your stock is valuable—then give them cleaner and healthier surroundings.

## DILLON'S Litter Carrier

Figure it out for yourself.  
Get our free book.

Dillon's sell direct to the Farmer. There are no Agents and no Agents' profits. The price is the same to all, and lower than you would expect for such substantial and well-built equipment. **DILLON'S BOOK ON CLEAN STABLES** gives you an exact idea of what you can accomplish for a small outlay. Write for a free copy.
