

THE FOREST FIRE MELODY

We have men administering our vast forest wealth — men of rare special training — drawing salaries lower than are paid to an assistant manager in a dry goods store. Naturally these men feel compelled to

leave the nation's service — in time, when they find that they have to work for private interests if they would get decent living incomes.

Posterity is going to pay in millions for the thousands "saved" today in government salaries!—*Montreal Star.*

RU-BER-OLD ROOFING

Is the peer of any composition roofing made.

It has a proud record of service, covering more than a quarter of a century.

On many a roof the limit of its endurance has not yet been found after more than twenty years of duty.

Inborn quality, from the surface to the centre, is what gives RU-BER-OLD its character.

We would suggest you consider this, for your own benefit, when planning to purchase a roof covering for that new or old building.
