Interviewer—Ken Quigley

Susan McAllen BA IV
I'd prefer not to pay that much. Students have to borrow money to go to the University as it is.

Stephen Cormeau PSC I
No, because I'm broke as it is.

Mike Bennett SU III
I think a fee increase is necessary if the SU is to stop being a Mickey Mouse government.

Karen Dyer BBA III
Yes, I support the increase because funds are needed to help replace SUB furniture because UNB will not.

Krista Larsen BA IV
No, I'm graduating but I feel sorry for those who are staying behind.

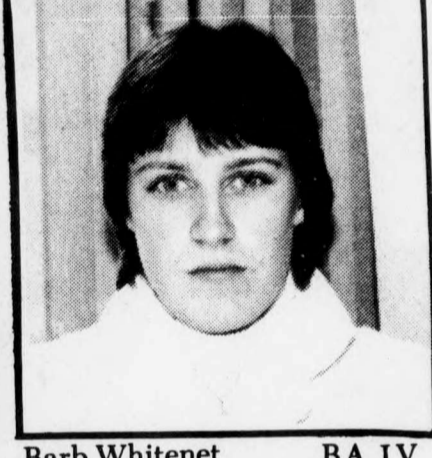

Robert Didiodado BSC IV
Well, on the event of football, I think it's a good cause; in regards to the SU fees, I think it's getting out of hand.

Natalie Perron BA III
I don't agree to pay if it doesn't affect me directly. I want it to give me something.

Kate MacKay BA IV
No, I don't think we're getting the value for our money now.

Barb Whitenet BA IV
I think John makes enough money.

Mike Ripley Phys Ed II
No, they haven't been able to do anything in the past when they increased student fees.
