J. A. Wilson, Esq., -2-

application on our behalf to the Director for a flight for that date. In my opinion, it is a desirable public contact.

If I may inject an opinion, (I think it is not out of line with the general trend of thought) we are altogether too reticent about our own Air Force and a little more public contact might be good for everyone concerned.

I am asking George Ross to make a report to you in more detail regarding the plans for our air meet, and meanwhile want to assure you that your co-operation will be much appreciated. Also remember that we must have you here on the 24th of May!

Yours sincerely,
