

Ottawa, February 3rd, 1932.

Sir:-

I enclose herewith two copies of Salvage Minute No. 6388, authorizing the transfer of the surplus Indian-made baskets, which you have stored at Perth, to the Department of Agriculture.

On receipt of this letter, kindly communicate with the Superintendent of the Experimental Station at Fredericton, N.B., and arrange for the shipment of the baskets stipulated in the Minute. You will note that the Department of Agriculture is to pay all expenses in connection with the delivery. When the shipment is completed, you should forward to the Superintendent of the Experimental Station at Fredericton, a statement in triplicate, showing the baskets shipped. Two copies of this statement should be signed by him and returned to you, one copy of which you should forward to the Department under cover of a letter.

If you have sold any of the baskets which you had on hand according to your last statement, do not purchase any to fill out this order, as you will notice from the Minute that these baskets are being turned over to the Department of Agriculture without payment.

Your prompt attention to this matter will be appreciated, as the Department desires to have this transfer completed without delay.

Your obedient servant,

Enc. 2.

N.H. MacPhail, Esq.,  
Indian Agent,  
Perth, N.B.

A.F. MacKenzie,  
Secretary.
