RHEUMATISM

OF FORTY YEARS' STANDING,

AND

DISEASE OF THE HEART, CURED.

COMPTON, C. E., April 28, 1865.

MESSRS. S. J. FOSS & Co., DRUGGISTS, SHERBROOKE :

GENTLEMEN—Having received very great benefit from the use of **BRISTOL'S SARSAPARILLA**, I think it but fair to make it known, that others suffering in the same way may make a trial of what cured me.

I had been suffering more or less for over forty years from Rheumatism, and for the last five years from what the doctors call disease of the heart. I tried various remedies, all without any good effect—in fact three doctors told me it was no use, they could do nothing for me, and there was no cure; notwithstanding all this, I determined to try **Bristol's Sarsaparilla**. I have taken three bottles, and now feel as well as ever; I did: and not a sign of Rheumatism or heart disease that I can discover.

Yours truly,

A. B. BLISS.

ALMOST A MIRACLE.

HAMILTON, C. W., March 6, 1865.

MESSRS. LANMAN & KEMP, NEW YORK:

DEAR SIRS—That others may be benefited, as my boy has been, I beg to send you the following particulars of his cure by the use of your **Bristol's Sarsaparilla**.

Three years ago next May, he got a severe fall which bruised his arms and left leg. I called in medical aid, supposing it to be a simple hurt from which he would soon recover; but in this I was disappointed, for after having had thirteen different physicians at him, he was at last given up by them as incurable. These doctors said that when he fell he had split the bone of his leg nearly from the ankle to the knee—certain it is that he was in almost a hopeless condition, when the doctors gave him up. The sore on his arm was very bad, and many pieces of bone working their way down from the shoulders came out at his ears from sores produced by them. He used many kinds of medicines and other Sarsaparillas by the dozen bottles, but without any benefit,—at last he began to use your **Bristol's Sarsaparilla**; and during the time of using it, a bone $9\frac{3}{4}$ inches long was taken away from his leg, and a piece 8 inches long from his arm. He used about 80 bottles in all, and after being confined to his bed two years and seven months, he is now well enough to go around and take care of himself. I consider that if it had not been for your **Bristol's Sarsaparilla** he would not have lived. Mr. Bickle, the Druggist, is familiar with the case, and can vouch for the truth of my statements. You are also at liberty to refer any person to me, when they can see the boy.

WILLIAM BURNS, Wellington Street, near Rebecca.
