### FAIR AND SQUARE DEALING.

Believing that if a man has dealt squarely with his fellow-men his patrons are his best advertisers, I invite all to make inquiry of the character of my seeds among over a million of Farmers, Gardeners and Planters who have used them during the past thirty years. Raising a large portion of the seed sold, (few seedsmen raise the seed they sell) I was the first seedsman in the United States to warrant (as per catalogue) their purity and freshness. My new Vegetable and Flower Seed Catalogue for 1886 will be sent **FREE** to all who write for it. Among an immense variety, my friends will find in it (and in none other) a new drumhead Cabbage, just about as early as Henderson's, but nearly twice as large! **James J. H. Gregory, Marblehead, Mass.**

# FIRE!

## THE GLOBE HAND GRENADE FIRE EXTINGUISHER

is simply a glass bottle containing about a pint of concentrated chemicals, that, as soon as liberated over or in a fire, generate gasses that instantly kill it. Does not spoil with age; is not affected by any climate. **Any man, woman or child can use them;** and no building should be without them. Thousands of homes ruined, and many persons burned to death annually, which could have been saved if they had these goods on hand when the fire originated. Insurance Companies and property owners know too well this fact, it has been urgently felt and long desired—some efficient, cheap and simple means of **quickly extinguishing incipient fires,** which point is practically overcome by the **Globe Hand Grenade.** People may take every precaution with the present means of meeting fire, yet all know they require something quicker and more effective. Some say, "We never had a fire." We hope you may never have one; but who is exempt from them? Do you think your turn will never come? Assuredly, too many of our readers it has found out already, and who is to be its next victim will soon be seen. We say, **earnestly, protect your property, protect your homes, protect your families.** A word to the wise is sufficient: "Protect." In time of peace, prepare for war.

**IN 1884, 7,000 DWELLINGS WERE BURNED IN CANADA AND UNITED STATES DESTROYING THE HOMES OF OVER 35,000 PERSONS.**

*The Globe Hand Grenade Fire Extinguisher Co.:*

GENTLEMEN,—We take great pleasure in recommending your Grenades. We have tried both Hayward's and Harden's Grenades, and find yours break easier, which is everything in extinguishing a fire, and think they are superior in every way to the above mentioned. You may kindly send us five dozen for the present.

Yours respectfully,  
LINCOLN PAPER MILLS CO.

[ST. THOMAS, ONT., September 30, 1885.

*The Globe Hand Grenade Fire Extinguisher Co.:*  
SIRS,—I attended three exhibitions of your Fire Extinguisher, and am so satisfied that I purchased one dozen bottles for my own use, and intend to get more. If the insurance companies would furnish their customers with them their losses would be reduced to a minimum.

Yours truly, E. HORRAN, Mayor of St. Thomas.
