

## \$500 A YEAR FOR 20 YEARS.

FOR  
23  
CENTS  
A  
WEEK.

The plans of insurance operated by the Manufacturers' Life are universally admitted to be not only the most popular but also the most liberal and comprehensive now offered to the public. For a premium not very much larger than is charged for a \$5,000 policy, where the entire insurance is to be paid in one sum down, this Company will give a policy of \$10,000, payable in twenty annual instalments of \$500 each. That's the instalment plan. By insuring on the ten-twenty plan a man may carry \$1,000 for the insignificant sum of twenty three cents a week!

No other company in the world can give cheaper insurance than this.

Ridgling horses successfully operated upon; write for particulars. 275-v

THE BEST, BUT BETTER THAN EVER FOR 1892!

"NEW MODEL" DISC HARROW, No. 50, IS IN IT!

OUR No. 50 IS THE BEST FOR THE FOLLOWING REASONS:

- 1—It is the only disc harrow that can be made RIGID or FLEXIBLE at the will of the driver.
- 2—It is the only disc harrow that will cultivate to the bottom of a furrow, and also work over a ridge.
- 3—It is the only disc harrow that can be made to work level.
- 4—It is the only disc harrow so made that the driver can allow one disc gang to raise and pass over obstructions.
- 5—It is the only disc harrow that draws from the axle, and consequently the lightest draught harrow.
- 6—It is the only disc harrow made with bumpers that takes all friction off of journal boxes.
- 7—It is the only disc harrow in which the weight of the driver is equally distributed.
- 8—It is the only disc harrow that can be put together or taken apart without hammer or wrench.
- 9—It is the only disc harrow that has patent automatic self-acting cleaners, that will keep the discs clean in all kinds of soil without any attention from the driver.
- 10—It is the only disc harrow with seat so arranged that there is no weight on the horses' necks.
- 11—It is the only disc harrow in which all the faults of other disc harrows are entirely overcome.

Everybody that sees it likes it. Farmers will regret it if they place their orders without first seeing this harrow. Agents and dealers will make a great mistake if they do not secure the sale of this harrow. Write at once for Descriptive Circulars. Territory is being taken up very rapidly. Address—

J. F. MILLAR & SON  
MORRISBURG, ONTARIO.

We also manufacture Stevens' Patent All-Steel Arch-Frame Spring-Tooth Harrows, Warrior Mowers, Steel Plows, Land Rollers, Etc.

### SECTIONAL VIEW OF WHITE SELF-CONTAINED RETURN TUBE BOILER, SHOWING DRY PIPE.

This style of boiler is used with all our threshing engines, enabling our customers to produce abundance of steam with long, rough, cheap wood. We utilize water space surrounding and at back end of fire box in connection with our improved internal straw burner.

Manufactured only by GEORGE WHITE & SONS, London, Ont.
