## General Intelligence.

(St John's, N. F. Cor. (June 2) N. Y. Herald.) THE POLARIS MYSTERY.

just before their depar- his cries from a fiel ture by the Frolic. In order to make this work. story clear and coherent it will be necessary to repeat a few of the circumstances already mentioned in the "Herald." On the 16th of Prentiss, acting for a company of English capthat that the editor is just now called away to Consel about ten miles away. It was a very short day, the san being visible only three hours on horizon. Tyson and his men could see the Polaris plainly trom the ice floe, and it seems, therefore, evident that those on board the Potherefore, evident that those on board the Pofloe. There was nothing to prevent the vessel boys. from coming to their rescue; there was no obstruction in the way of ice floes; it seemed all FIRE. - A correspondent of the "Express

tion. A few months before the final parting chimney is supposed to have caused the fire. Tyson was sent ashore, with two boats' crews. Serious Accidents.—On Saturday last Tyson was sent ashore, with two boats' crews, on a scientific search. At this time, Buddington, who was under the influence of liquor, threatened to abandon the party on the ice. He did not, however, attempt to carry out its menace, for Tyson and his men got safely back on board the Polaris.—Tyson, though he was reticent as to his relations with Buddington, admits that there has been ill-teeling between

He charged Joe solemnly to "tell the President of the United States that he believed himselt poisoned." These, says Joe were the words of the dying explorer. This language acquires a still greater significance in connection with these circums ances. All the Esqui maux were warmly attached to Captain Hall, and, seeing their services were indispensable

expression pedals; the beliows commanded either lat is so Simple that it cannot get out of Order, and any one can Work it.

> It does its work in about an hour, and needs no attention; saves greatly in fuel, soap, time, hard abour, and wear of clothing; can be made by any Tinsmith and at cheap rates. The People's Steam Washer Is the only one that can be made to fit any cooking-stove Boiler, can be cleansed and dried in all its parts after using, and can be used admirably as a steamer for cooking food. It has no wheels, pipes, tubes, or other machinery. It works by making the steam circulate rapidly through the clothing. Persons already owning Cooking-Stove Boilers may have a Steam Washer to fit for \$3.50. Send size of Boiler inside at the top. If a round Boiler, send size across the top. I will send Washer and Boiler complete for \$5.50.

> THIS WASHER COMBINES MORE GOOD QUALITIES AND COSTS LESS THAN

I invite correspondence from Agents in New Brunswick, to whom this Washer we ecom a surce of wealth, as I leave a good margin for profits, and it sells wherever known

LOOK AT THE FOLLOWING RECORD! In six weeks I have sold the Patent right for every County in Nova Scotia proper. About 60 samples have been sent to order, and no failures reported. I challenge the history of modern inventions for success equal to this. Mr. Wm. North, of Cornwallis, N S., got a sample, tried it in several families, and immediately bought the right for six Counties. He may be referred to. Also—Rev. Dr. Stewart, Sackville, N. B.; Rev. A. S. DesBrisay, Windsor, N. S.; Rev. Dr. Pickard, Halliax; S.

Seldon, Eq., Editor "Christian Messenger," Halifax; and a host of others too numerous to m who have bought and tried the PEOPLE'S STEAM WASHER. Intending Agents will be supplied with samples at \$5 each. S. E. WHISTON. DARTMOUTH, N. S.
