Alcohol, and is guaranteed to be Pure Grape Juice. It has stood the test of 22 years' 2 00 continous sale in every climate, and is now a slight modification of a well-known ancient practice, and effectually preserves the grateful flavor and the rich nutritious qualities unimpaired. It is therefore admirably adapted in cases of debility and fever, in which the stomach is too weak to digest other food. Children suffering from febrile ailments drink it with avidity, even when all other food has been refused.

JOHN M. HODGES, Esq., M.D., F.C.S., Public Analyst for Antrim County and Belfast Borough,

"I have chemically examined the bottle of Wright's Unfermented Wine (taken by my son from the stock held by Mr. Wright's Belfast Agent), and find that it is free from 1 50 alcohol, and contains the constitutents of grape juice. When mixed with water it will prove an agreeable beverage."
