

NEARLY MAD WITH SICK HEADACHE

There are few people who have never experienced a sick headache, and those who have not may be considered very lucky, as it is one of the most aggravating headaches a person can have. There is only one way to prevent these horrible headaches and that is, to get rid of the cause.

MILBURN'S LAXA-LIVER PILLS

will do this for you.

Miss M. Denney, Edmonton, Alta., writes: "I wish to write you of your splendid remedy, Milburn's Laxa-Liver Pills as a cure for Sick Headache. I have been nearly mad with headaches for nights together, and have not been able to close my eyes. I was working at a lady's house and she told me of your Laxa-Liver Pills. I took four vials of them and I have not been troubled with a headache for about six months."

Milburn's Laxa-Liver Pills are 25c a vial or 5 vials for \$1.00, at all dealers, or will be mailed direct by The T. Milburn Co., Limited, Toronto, Ont.

Sound as a Dollar

That's the only way you can afford to keep them, because any lameness means less work and less profit to you.

Spavin, Splint, Curb, Sweeney, Ringbone, Swelling or Lameness need not prevent your horses from working. Simply use Kendall's Spavin Cure.

It works while the horse works—takes away the pain—reduces swellings—makes legs and joints sound and strong—leaves no scars or white hairs because it does not blister.

Kendall's Spavin Cure

has been the horseman's standby for 40 years and is used all over the world.

Burns, Ont. Sept. 10th 1909. "I have used Kendall's Spavin Cure and it cures Old Stubborn Cases."

WILLIAM H. DOUD.

Keep your horses sound as a dollar. Get Kendall's today and you will have it tomorrow if needed. \$1 a bottle—6 for \$5.

When you buy, ask for free copy of our book "A Treatise On The Horse" or write us

BUILDING MODEL ROAD

"In all parts of America there is a move to encourage road improvement. Across the line the J. I. Case Company has made an offer to the town of Somers, Wisconsin, whereby a stretch of main road will be properly constructed with modern machinery made by this firm.

In a letter sent by the company to the chairman of the town board it is pointed out that the object is to furnish an object lesson in practical road making. Machinery comprising a 10-ton road roller, engine, scrapers, etc., together with a full complement of men to operate the same effectively, are offered free of charge to the board, the only condition being that said board undertake to deliver and spread the necessary gravel to complete the work and supply the necessary culverts, etc., for drainage.

Some time ago a similar offer was made to the town of Mt. Pleasant and the good work is being carried on. The result will be many miles of improved roads.

TO ENLARGE FOREST RESERVES

In the report of the superintendent of forestry, which forms part of the annual report of the Department of the Interior, recently published, are given many interesting details as to the administration and working of the forest reserves.

The most striking development in regard to the forest reserves is the setting aside of the Rocky Mountain reserve, a tract of country aggregating 14,400 square miles, some of which is already reserved as national parks (i.e., the Rocky Mountains Park, the Kootenay Lakes Park and Jasper Forest Park). The great importance of this reserve is due to the opportunity it affords for the preservation and conservation of the waters of the rivers which rise in the Rockies and traverse the prairie country and whose waters play so important a role in the fertility of the soil of this, one of the richest farming countries of the world. The forest on the tract consists mainly of lodgepole (or black) pine, Engelmann spruce and Douglas fir. Very serious fires have occurred throughout the reserve in times past but the natural reproduction, over the greater part of the reserve at any rate, is abundant.

Further extensions of the reserves are contemplated; in fact, some of the lands have already been reserved from settlement, though not formally set aside as reserves. Among the proposed extensions are:

To the Sprucewoods reserve, 70,000 acres.
