

It is reported that a party of business men from Portland, Ore., and Seattle, Tacoma and Spokane, Wash., has chartered the G.T.P. Steamship Co.'s s.s. Prince Rupert for a cruise to Honolulu next February, and it has been pointed out that the party will have to embark at a Canadian port, as, under the U.S. laws, a voyage between the main land and Honolulu is regarded as coastwise navigation, and therefore, the Prince Rupert, being a foreign vessel, cannot operate between a U.S. port and Honolulu.

G. A. Keefer, Dominion Resident Engineer, New Westminster, in charge of the dredging operations on the Fraser River, is reported to have stated recently that there is now not less than 15 ft. of water in any part of the sandheads at extreme low water, and at ordinary high water, not less than 27 ft., and at higher tides, 30 ft. The river is

now considered navigable for any vessel, the Annieville bar, which was some danger to navigation, having been removed, the recently constructed wing dams having completely cleared the channel. A new channel through the sandheads, decreasing the distance between New Westminster and deep water by about a mile, will be completed within a year.

E. D. Watson, cashier Reid Newfoundland Co., was married to Miss C. M. White, at Boswood, Nfld., Oct. 5.

In this connection a recent cablegram from London Eng., says:—Wm. Mackenzie and associates are planning another appeal to the English market, viz., Canadian Northern Fisheries £400,000 5% bonds, to be offered at 86. The purpose is to acquire and operate a whaling business on the Pacific coast. The underwriters are to receive 2½% cash bonus, and a bonus of 19% in common stock is being given to the syndicate with whom Mr. Mackenzie and associates are now endeavoring to place the issue.
