A Bank of England Sensation
To America—Mysterious
Not Cleared Up—

[Canadian Press Despatch]
NEW YORK, April 14—A cable from the Tribune from London says: Bank of England sensation is the topic in financial circles just now. No details of the affair have been made public from official sources, but it is understood that the investigation following the disappearance of a responsible official of the bank, show that securities valued at several thousand pounds were missing.

In the absence of any authoritative announcement with regard to description of the missing securities, an advertisement published last week concerning bonds that had been stolen attracted a good deal of notice. This advertisement did not mention the Bank of England.

Issue Not Taken Up.
NEW YORK, April 14—A cable from the Journal of Commerce from London says:

The response of the public to the issue by the province of Saskatchewan of 1,000,000 pounds, ten year per cent bonds at 95 was very warm and it is understood that the underwriters have been forced to take 85 per cent. of the issue.

It is reported that the City of Regina is now arranging to float an issue of \$50,000 five per cent bonds to expire at 40 or 50 years. The bonds are to be placed at 101.

Hot Election is Drawing to
—General Report of the
on Co

[Canadian Press Despatch]
WINNIPEG, April 14—According to special crop reports from respondents of the Western Associated Press, seeding will be general throughout Western Canada by the end of the week. Already in Medicine Hat and Lethbridge districts, farmers are busy with spring sowing while by mid-week, work will be general around Moosejaw, Saskatoon and throughout Manitoba. By the end of the week, the country from Regina, Edmonton and Calgary will be under the discs and shoes and seeder. At Prince Albert the spring has been somewhat tardy but plowing and preparation of seed beds is even now being taken up and by next week seeding will be general.

Despite the heavy nature of soil, due to the abundant snows of the past winter the land is generally in fine condition, the balmy, spring-like weather of the past week have evaporated most of the superfluous moisture, while the weather now shows signs of continuing the summer-like record. High temperatures are reported generally throughout West. Moosejaw registering 84.
